SAFETY INFORMATION

- **Avoid skin contact.** Keep gel polish away from the skin and cuticles to prevent irritation.
- **Use in a well-ventilated area.** Inhaling excessively can be harmful.
- **Do not apply on damaged nails.** Avoid using nail products on nails that are cracked, infected or inflamed.
- **Follow curing times carefully.** Over- or under-curing may cause lifting, allergies or incomplete hardening.
- **Avoid open flames.** Nail products contain flammable ingredients — keep away from heat sources.
- **Keep out of reach of children.** Store all nail products safely and securely.
- **Do not use if allergic reactions occur.** Stop immediately if you experience redness, itching, or swelling.
- **Seal bottles tightly after use.** Prevent thickening or evaporation by closing the cap securely.
- **Store in a cool, dark place.** Keep away from direct sunlight or UV light to avoid curing in the bottle.
