1. USE ME FOR
2. HOW TO USE ME
3. PLEASE KEEP IN MIND
4. MY INGREDIENTS
5. WHAT DO I CONTAIN
6. HOW TO STORE ME
7. MY CONTACT DETAILS

### 1. USE ME FOR

Hey you! I'm Sally. I'm a sore throat spray and together we are going to do this! The bottle contains a formulation that effectively treats and prevents a sore, dry and irritated throat.

The active ingredient honey coats and strengthens the mucosa. The spray is antitussive, soothes sore throat and hoarseness and reduces swallowing pain. The spray creates a thin protective layer in the throat, which protects and soothes throat mucosa and reduces irritation. Cough suppressant, also during the night. Start treatment when the first symptoms of a sore throat or dry cough appear.

### 2. HOW TO USE ME

With only one or two sprays every 3 hours, or whenever relief is desired, you will have a soft throat again!

1. **Get ready:** Shake before use. Turn the applicator stick until it points to the sky. Remove the security nap.
2. **Spray:** Spray only one or two times every 3 hours, or whenever relief is desired
3. **Wait:** For optimal effect do not drink or eat anything for about 30 minutes after application. I may be swallowed.

### 3. BE CAREFUL WITH ME

- Do not use me under the age of 5 years old.
- Do not use me if you cannot swallow.
- Do not use me if you are hypersensitive to one of the ingredient
- It is not recommended to keep using me for more than 30 days consecutively.
- If complaints aggravate or if you develop white spots in your throat, contact your physician.

- Do not let other people use me to avoid cross contamination.
- Wash with water if products gets in the eye.
- Do not use after expiry date.

### Allergies

The active are well tolerated and no serious adverse events have been documented.

**Use during pregnancy and/or breastfeeding:** Kidsner Sore Throat Spray is not recommended in pregnant or breastfeeding women due to a lack of adequate available human data on the ingredients.

### Consult a physician:

- If symptoms worsen or you no longer can swallow or drink.
- If your sore throat is accompanied by fever, which lasts longer than three days.
- If the sore throat is accompanied by a rash on your face and on your body.
- If the sore throat persists for more than seven days
- If you are getting sicker.
