

MAGNA-TILES® FOREST animals

Explore the Magna-Tiles wilderness! Your little explorer will discover furry friends and wonders of the forest through hands-on, screen-free play!

Owl

There are over 200 different owl species in the world and they can be found in a variety of colors, patterns and sizes.

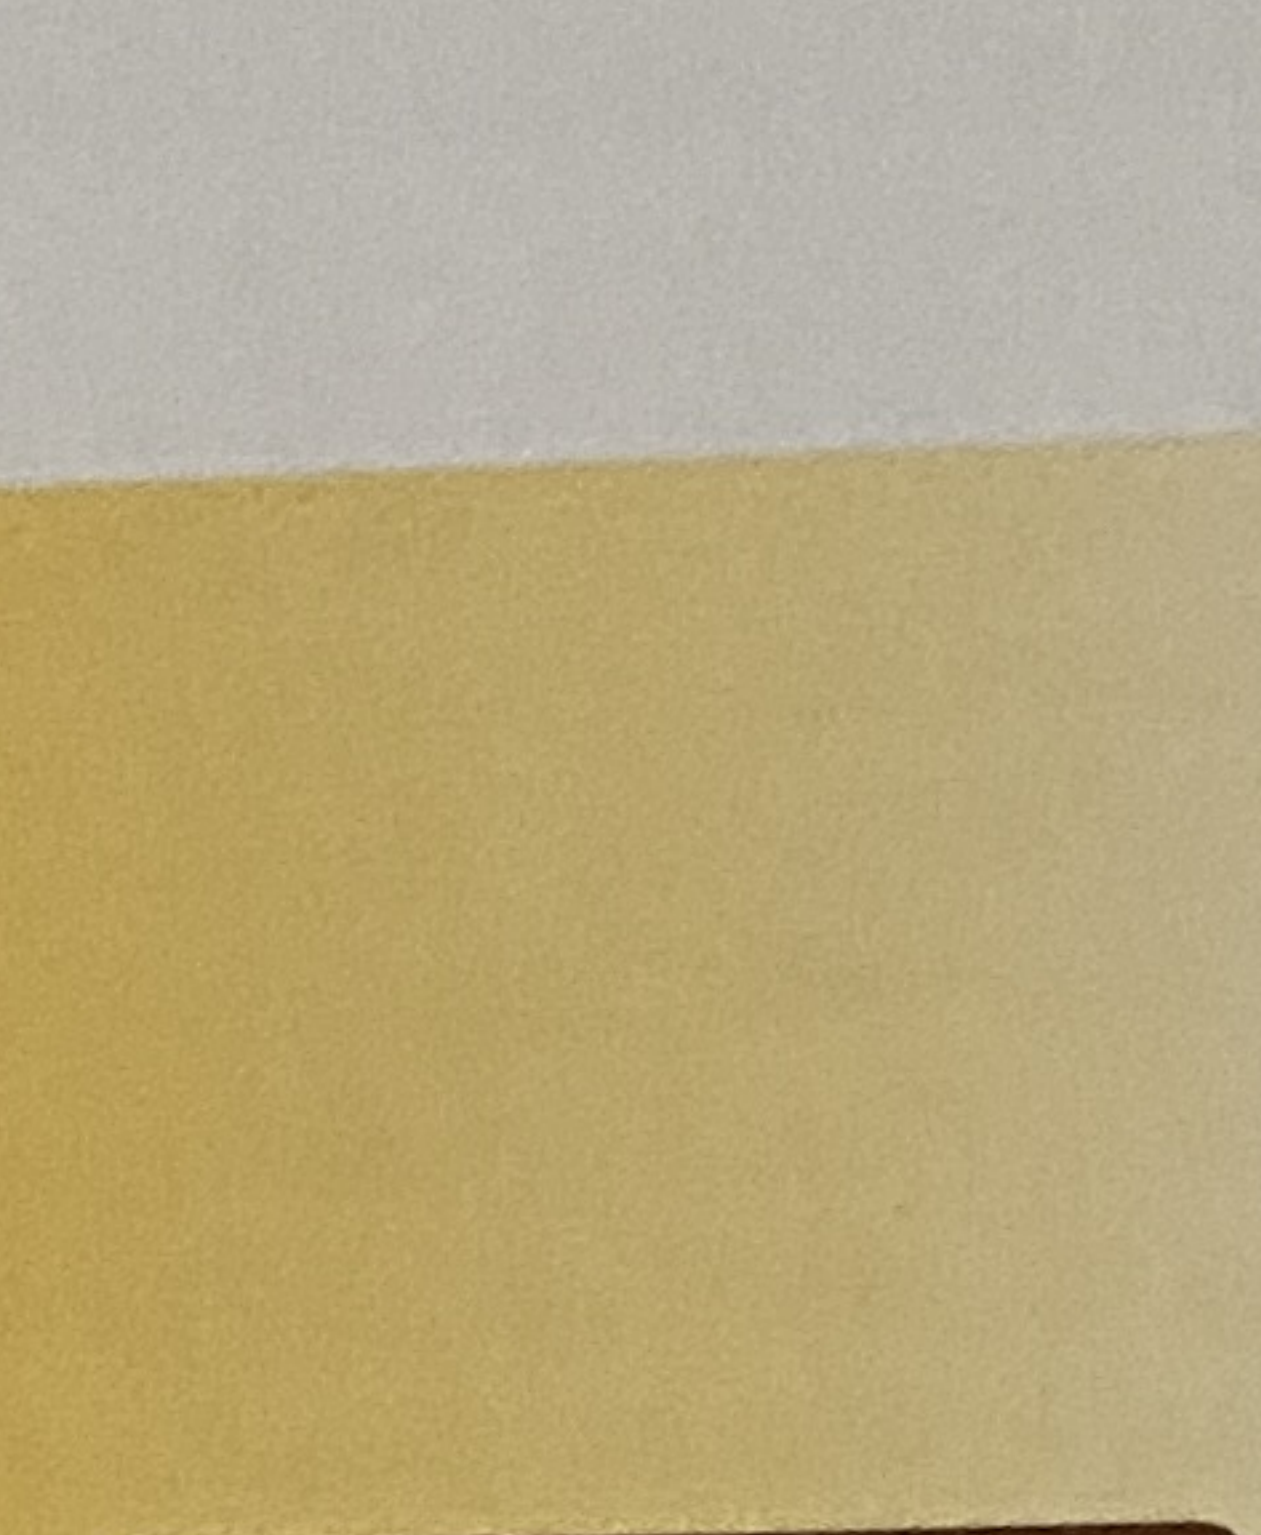

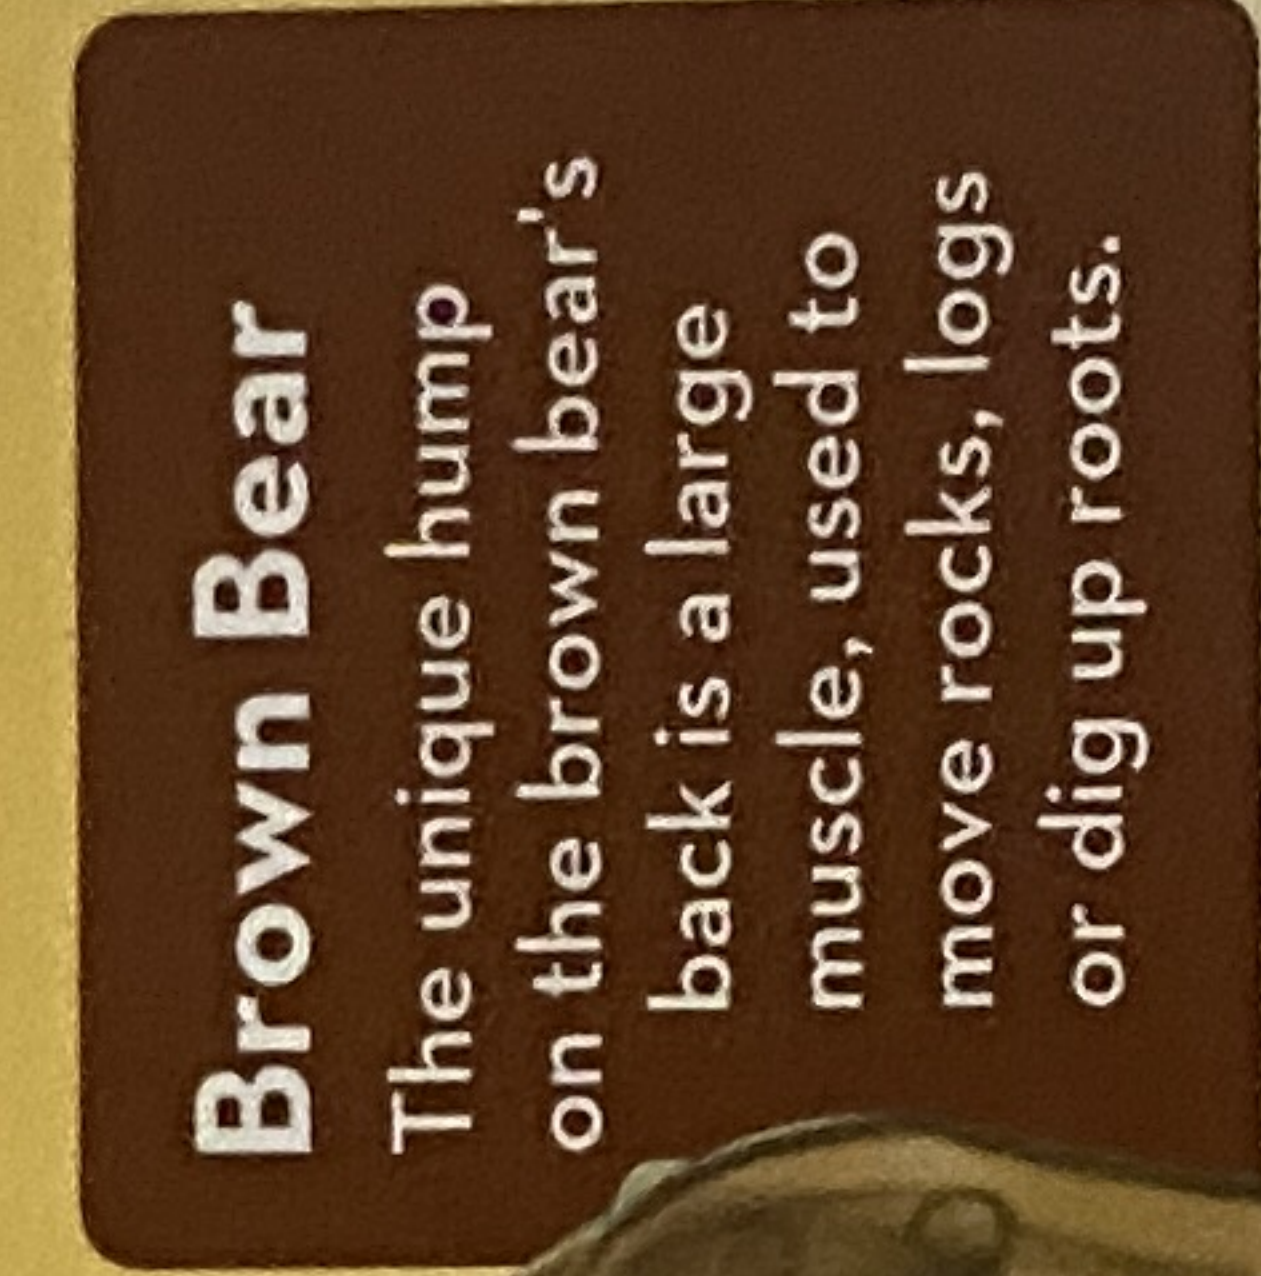

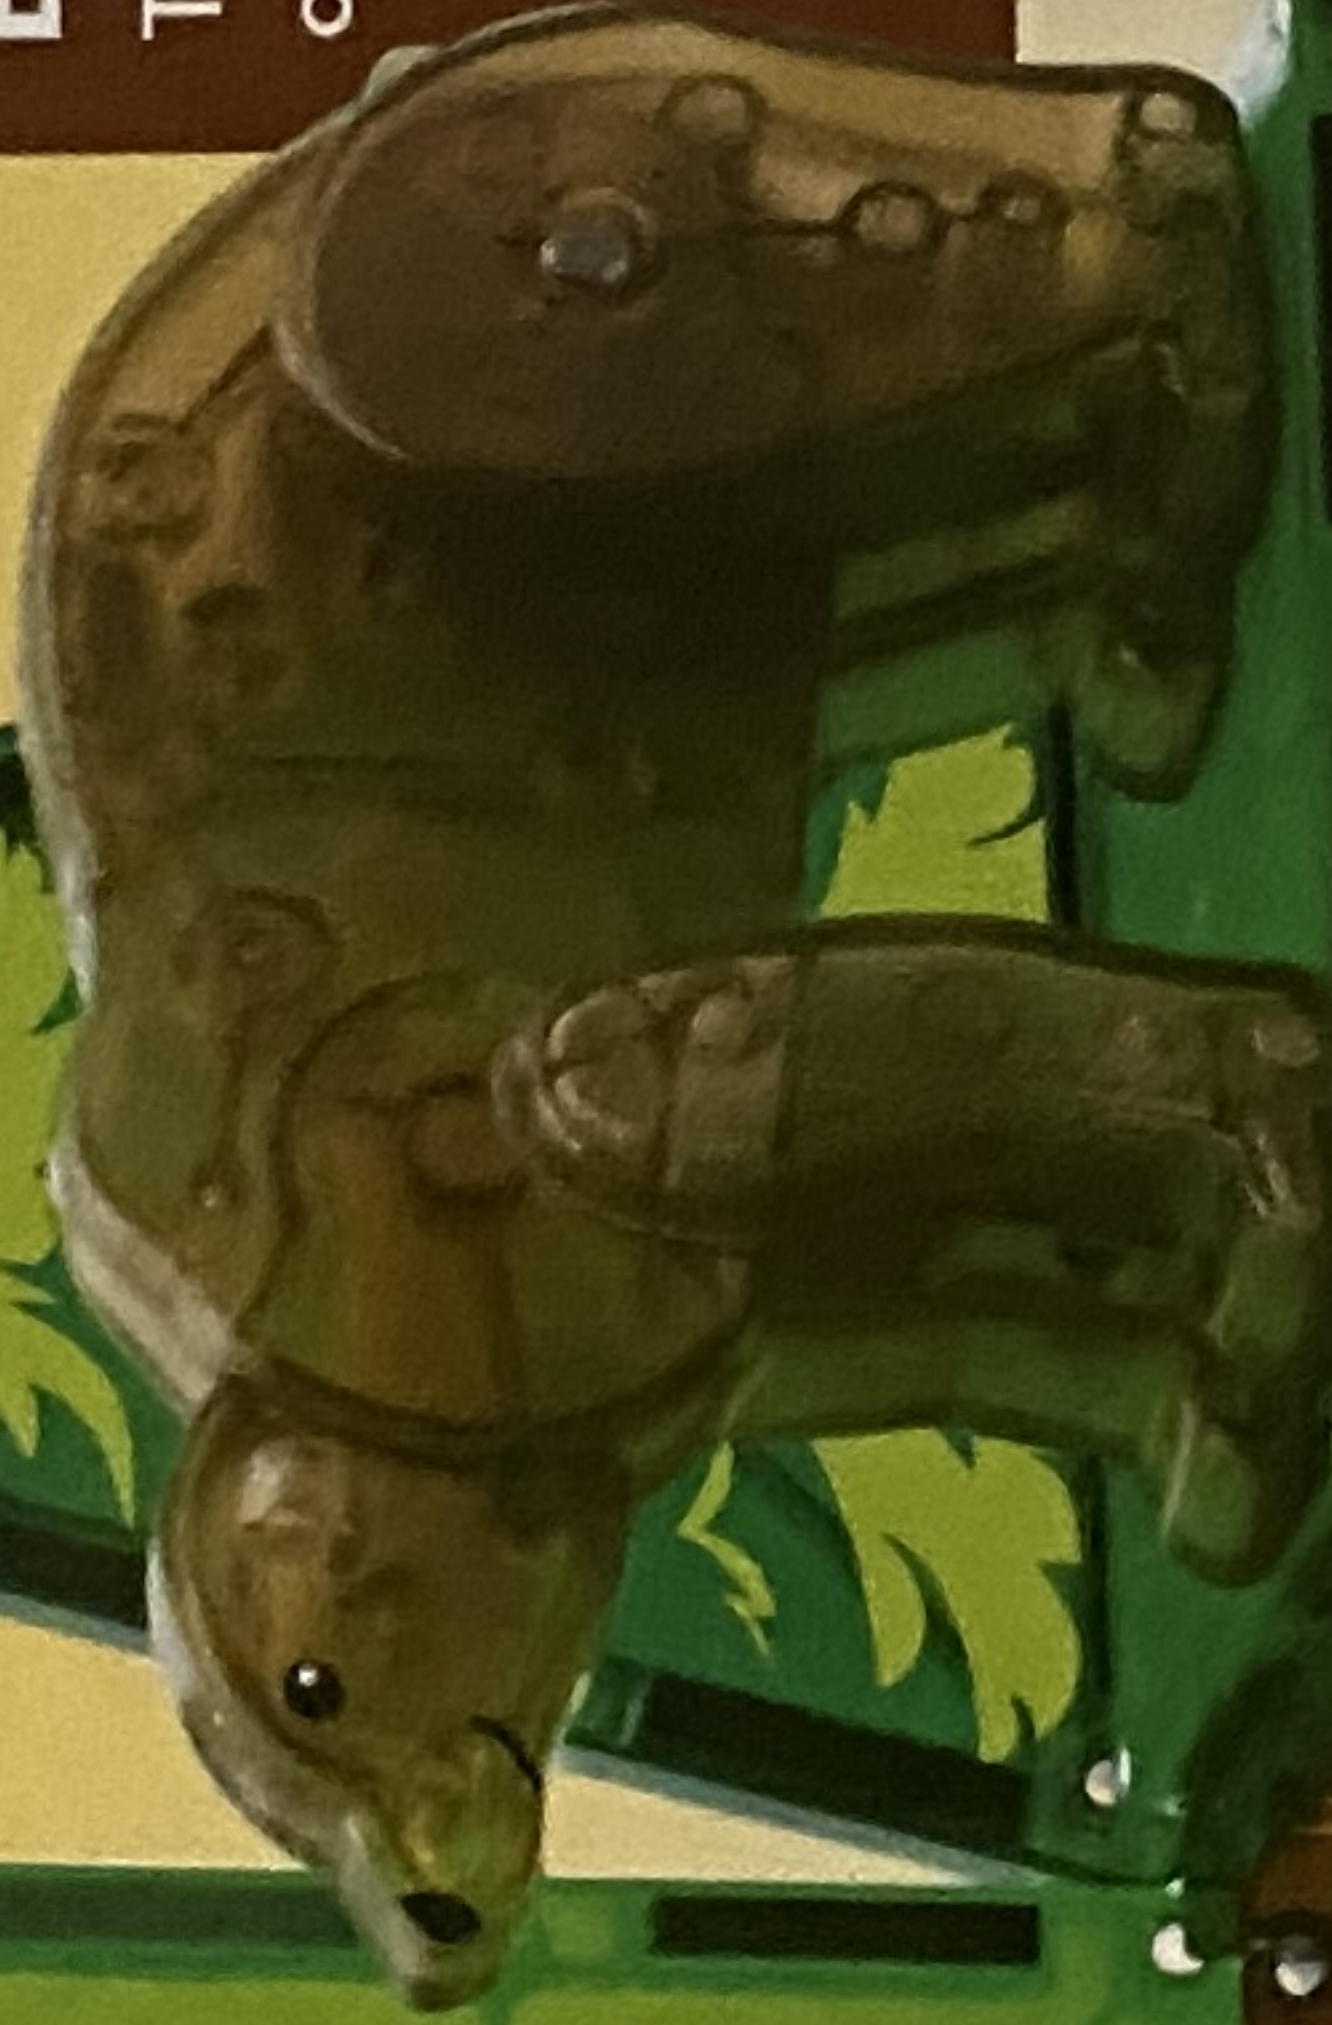

Did you know?

Forests are home to over 80% of the world's land animals and plants.

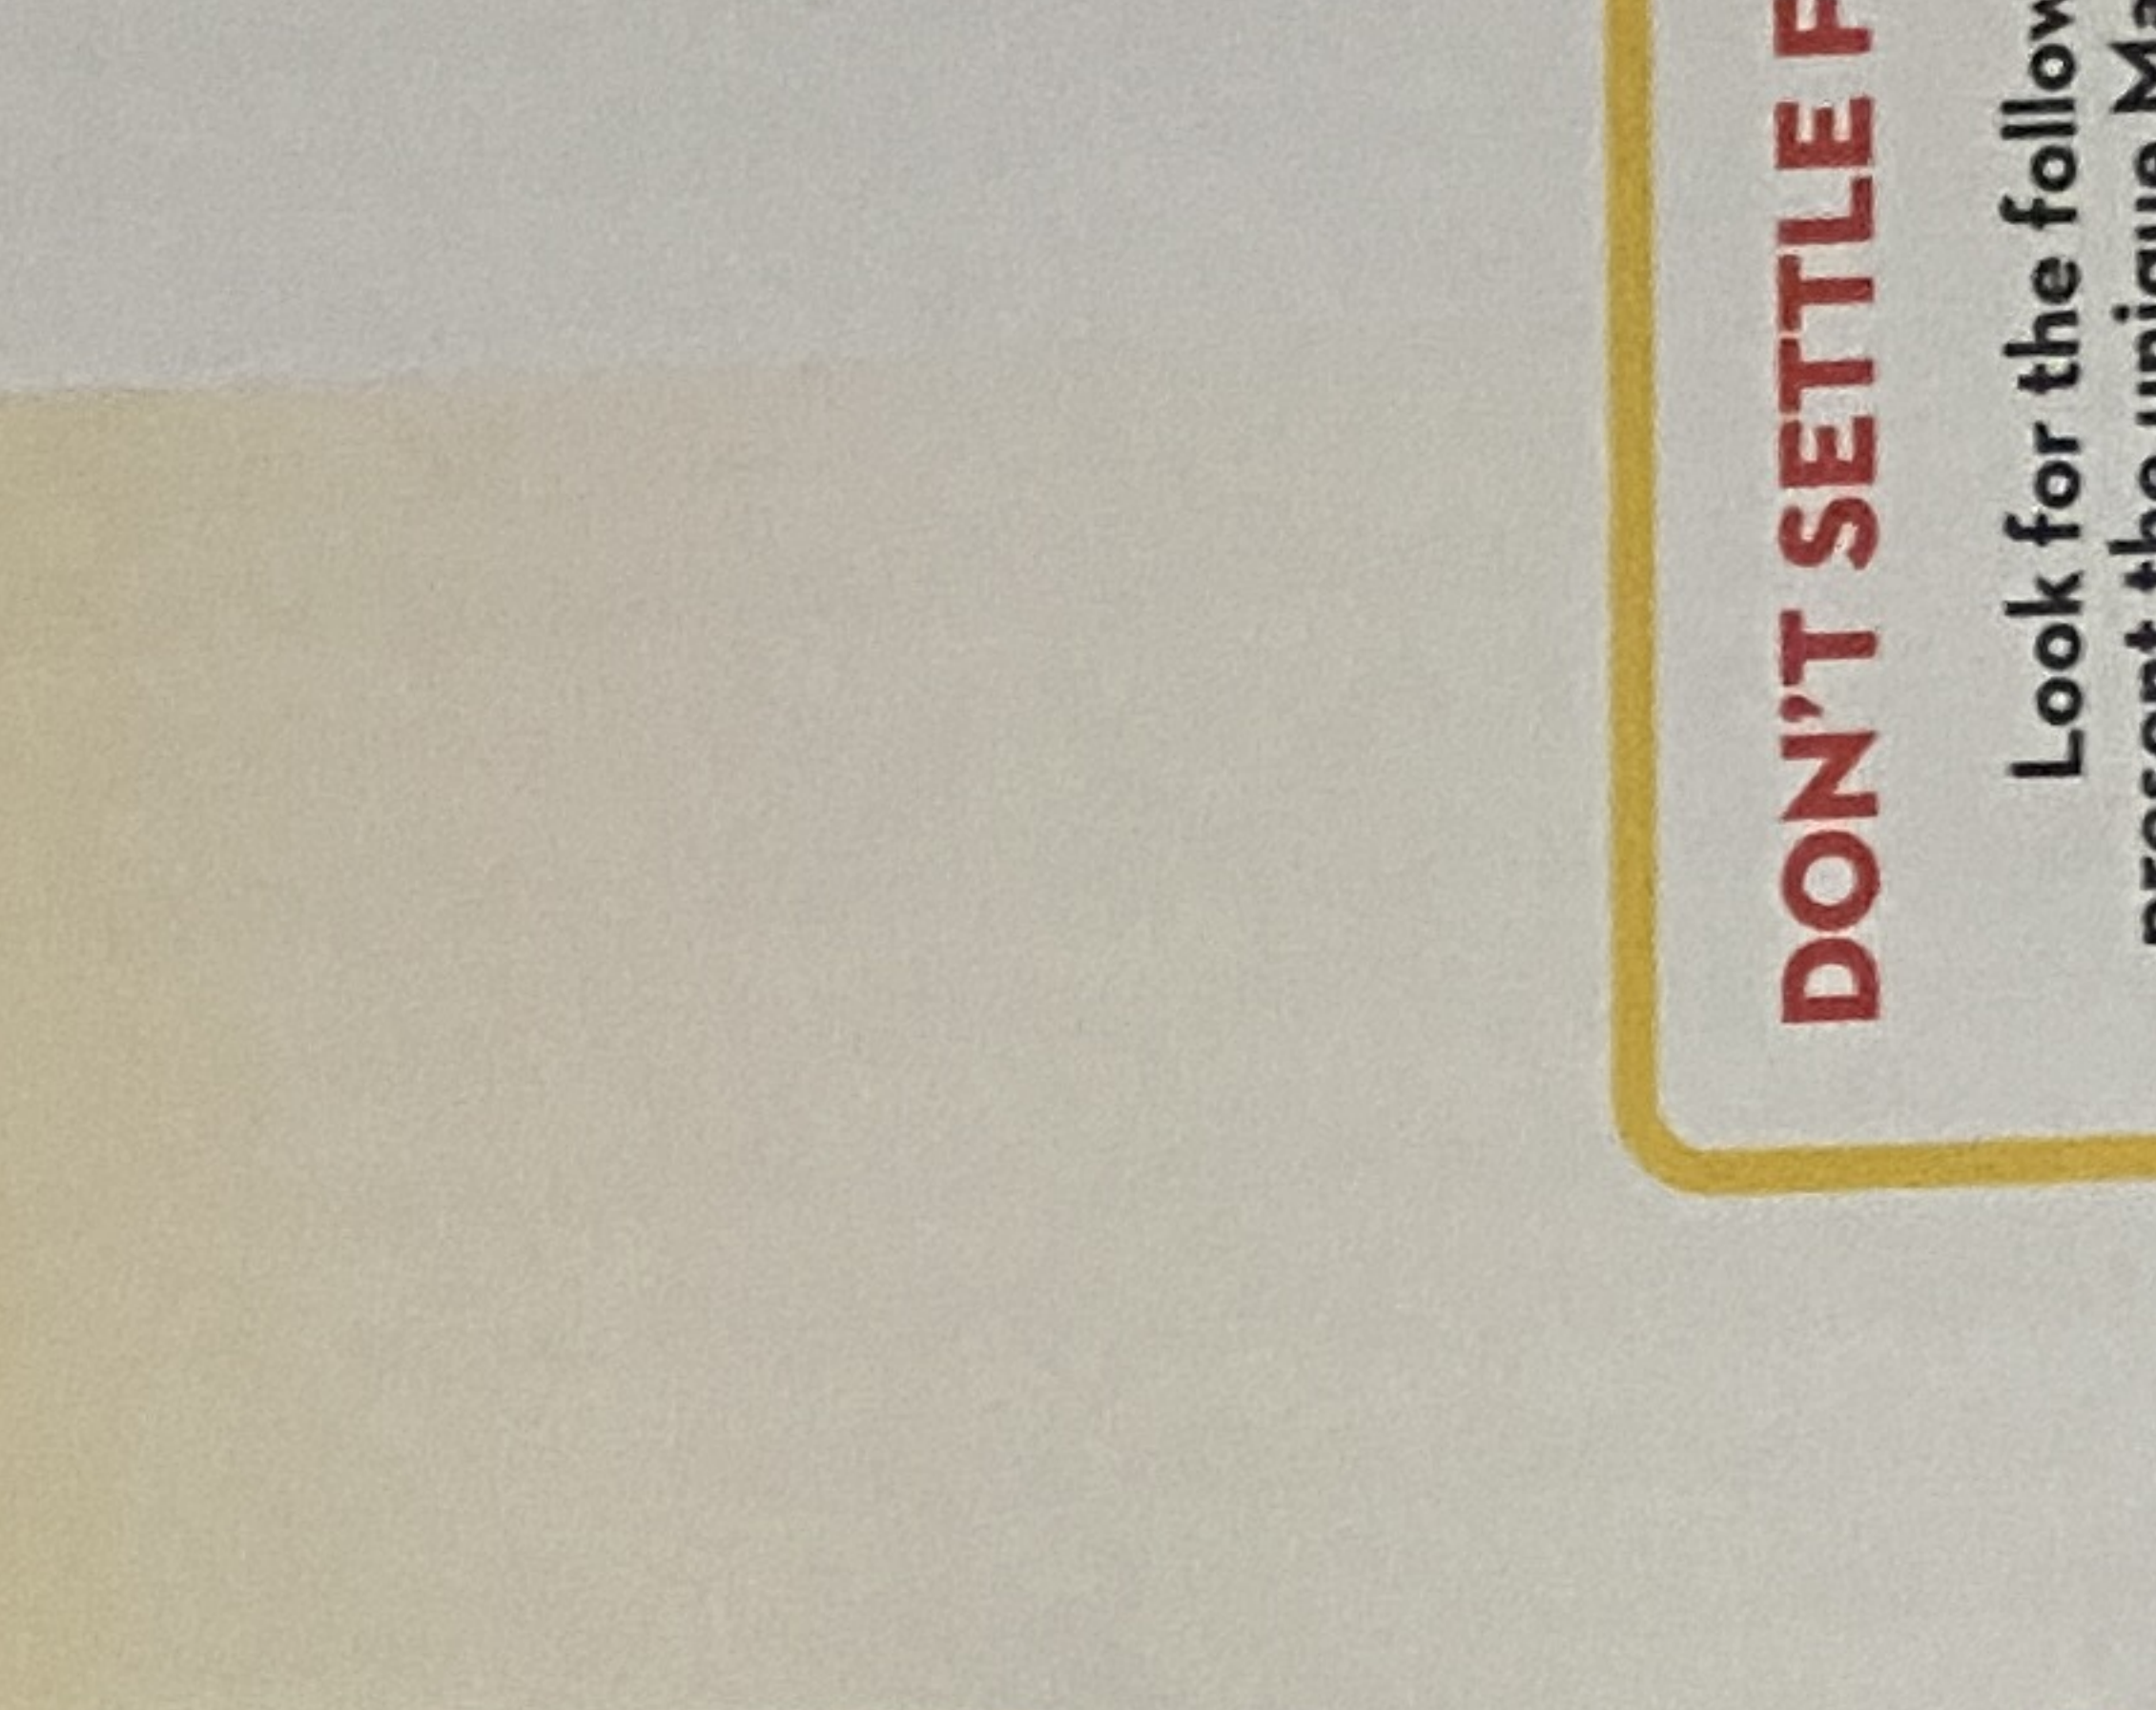

Brown Bear

The unique hump on the brown bear's back is a large muscle, used to move rocks, logs or dig up roots.

Deer

Young deer are born with white spots that act like camouflage, protecting them from predators.
