

PRODUCT INTRODUCTION

Thank you for using facial SPA kit. Please carefully read the instructions before use and follow the instructions correctly.

Washing the face by hands with cleansing cream is unable to thoroughly clean the bacteria and cosmetics residue which would cause many skin problems, such as oil, blackheads, acne, dark sores, dry skin, dark, coarse pores. You are recommend to use this product to clean the skin if you have these symptoms.

This item comes with 2 different brush heads for different skin types and a massage rolling ball head.

The soft, thin sharp brush could be used to remove cutin, dead skin, cosmetics, etc.

The long hair brush-super delicate hair can penetrate into the deep pores, deeply clean pores, prevent blackheads, Prevent the pores from becoming bigger and anti acne & grease.

The massage rolling balls could be used to relieve skin, enhance blood circulation, promote skin metabolism, make skin cells more vigorous, and increase skin elasticity.

* This device could be combined with other facial cleansing products.
