For Entry Sensor Installation:

Entry Sensor
(T8900)

Sensor Magnet

CR123A Battery

Mounting Screws

Battery Placement

Remove the battery compartment lid on the Entry Sensor and insert the provided CR123A battery. Replace the lid.

Adding Entry Sensor to Your System

On Eufy Security app follow the onscreen instructions to add your Eufy Security devices. Choose **Add Device**, then select **Entry Sensor** to add it to your system.

Mounting the Sensor

Place the sensor on the edge of a door or window. Use the adhesive strips (On the back of the sensor) or mounting screws provided to mount the sensor.

- Make sure the gap between Entry Sensor and the sensor magnet is less than **1.6 in (4 cm)** when the door or window is closed.
- The bottom of the sensor magnet should align with the **bottom** of Entry Sensor.

LED

Sensor LED indicator color

Entry Sensor status

Flashing white

Adding to HomeBase

Flashing white (Once)

Sensor detects an open/close activity

Flashing red (Once)

Sensor battery is low or disconnects from HomeBase

FAQ

1. What battery does the Entry Sensor use?

Entry Sensor uses a CR123A battery with 3V output.

2. How long does the battery last?

One CR123A battery usually lasts up to 2 years, but depends on the usage.

Safety

This product complies with the radio interference requirements of the European Community.

Declaration of Conformity

Hereby, Anker Innovations Limited declares that this device is in compliance with the essential requirements and other relevant provisions of Directive 2014/53/EU. For the declaration of conformity, visit the Web site <https://www.eufylife.com/>.

Do not use the Device in the environment at too high or too low temperature, never expose the Device under strong sunshine or too wet environment.

The suitable temperature for the product and accessories is 0°C - 40°C.

RF exposure information: The Maximum Permissible Exposure (MPE) level has been calculated based on a distance of d=20 cm between the device and the human body. To maintain compliance with RF exposure requirement, use product that maintain a 20cm distance between the device and human body.

CAUTION RISK OF EXPLOSION IF BATTERY IS REPLACED BY AN INCORRECT TYPE.
DISPOSE OF USED BATTERIES ACCORDING TO THE INSTRUCTIONS

SUB-1G Frequency range:866~866.8MHz, 868.2~869MHz

Max Output Power: 11.746dBm

The following importer is the responsible party (contact for EU matters only)

Importer:Anker Technology (UK) Ltd

Importer Address:Suite B, Fairgate House, 205 Kings Road, Tyseley,
Birmingham,United Kingdom B11 2AA

This product is designed and manufactured with high quality materials and components, which can be recycled and reused.

This symbol means the product must not be discarded as household waste, and should be delivered to an appropriate collection facility for recycling.

Proper disposal and recycling helps protect natural resources, human health and the environment. For more information on disposal and recycling of this product, contact your local municipality, disposal service, or the shop where you bought this product.

FCC Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2)

this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna. (2) Increase the separation between the equipment and receiver. (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. (4) Consult the dealer or an experienced radio/TV technician for help.

FCC Radio Frequency Exposure Statement

The device has been evaluated to meet general RF exposure requirements. The device can be used in fixed/mobile exposure condition. The min separation distance is 20cm.

The following importer is the responsible party

Company Name: POWER MOBILE LIFE, LLC

Address: 400 108th Ave NE Ste 400, Bellevue, WA 98004-5541

Telephone:1-206-383-8247

This device complies with Industry Canada licence-exempt RSS standard(s).

Operation is subject to the following two conditions:

(1) this device may not cause interference, and

(2) this device must accept any interference, including interference that may cause undesired operation of the device."

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

(1) l'appareil n' doit pas produire de brouillage, et

(2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement."

Für die Einbruchsensor-Installation:

Einbruchsensor
(T8900)

Sensormagnet

CR123A-Batterie

Befestigungs-
schrauben

Batterie einlegen

Nehmen Sie den Deckel des Batteriefachs des Einbruchsenors ab und setzen Sie die im Lieferumfang enthaltene CR123A-Batterie ein. Bringen Sie den Deckel wieder an.

Den Einbruchsensor Ihrem System hinzufügen

Befolgen Sie in der Eufy Security-App die Anweisungen auf dem Display, um Ihre Eufy Security-Geräte hinzuzufügen. Wählen Sie **Gerät hinzufügen** aus und dann **Einbruchsensor**, um diesen Ihrem System hinzuzufügen.

Sensor anbringen

Bringen Sie den Sensor an der Kante einer Tür oder eines Fensters an. Verwenden Sie dazu die Klebestreifen (auf der Rückseite des Sensors) oder die im Lieferumfang enthaltenen Befestigungsschrauben.

- Stellen Sie sicher, dass der Abstand zwischen dem Einbruchsensor und dem Sensormagneten weniger als **4 cm** beträgt, wenn die Tür oder das Fenster geschlossen ist.
- Die Unterseite des Sensormagneten sollte an der Unterseite des Einbruchsenors ausgerichtet sein.

LED

Farbe der Sensor-LED-Anzeige	Status des Einbruchsenors
 Blinkt weiß	Wird der HomeBase hinzugefügt
 Blinkt einmal weiß	Sensor erkennt eine Aktivität des Typs Öffnen / Schließen
 Blinkt einmal rot	Ladestand der Sensorbatterie ist niedrig, oder der Sensor hat keine Verbindung zur HomeBase

Häufig gestellte Fragen

- Welche Batterie wird für den Einbruchsensor verwendet?**
Für den Einbruchsensor wird eine CR123A-Batterie mit einer Ausgangsleistung von 3 V verwendet.
- Wie lange hält die Batterie?**
Eine CR123A-Batterie hält in der Regel bis zu 2 Jahre, je nach Nutzung.

Sicherheit

 Dieses Produkt entspricht den EU-Bestimmungen zur Störfestigkeit.

 Dieses Produkt ist mit hochwertigen Materialien und Komponenten für Recycling und Wiederverwertung konzipiert.

 Dieses Symbol bedeutet, dass das Produkt nicht als Hausmüll entsorgt werden darf, sondern einer angemessenen Sammelstelle für das Recycling zugeführt werden muss. Durch das ordnungsgemäße Entsorgen und Recyceln tragen Sie zum Schutz natürlicher Ressourcen und zur Vermeidung von Umwelt- und Gesundheitsschäden bei. Weitere Informationen zum Entsorgen und Recyceln dieses Produkts erhalten Sie von Ihrer Gemeindeverwaltung, Ihrem zuständigen Entsorgungsdienst oder dem Geschäft, in dem Sie dieses Produkt erworben haben.

Instalación de sensores de entrada:

Sensor de entrada (T8900)

Imán del sensor

Batería CR123A

Tornillos de montaje

Colocación de la batería

Retire la tapa del compartimento de la batería del sensor de entrada e inserte la batería CR123A. Vuelva a colocar la tapa.

Cómo añadir el sensor de entrada al sistema

En la aplicación eufy Security siga las instrucciones que aparecen en la pantalla para agregar sus dispositivos de seguridad eufy. Elija **Agregar dispositivo** y, a continuación, seleccione **Sensor de entrada** para añadirlo a su sistema.

Montaje del sensor

Coloque el sensor en el borde de una puerta o ventana. Utilice las bandas adhesivas (en la parte posterior del sensor) o tornillos de montaje suministrados para montar el sensor.

- Asegúrese de que la separación entre el sensor de entrada y el imán del sensor es inferior a **4 cm** cuando la puerta o la ventana están cerradas.
- La parte inferior del imán del sensor debe alinearse con la parte inferior del sensor de entrada.

LED

Color del indicador LED del sensor Estado del sensor de entrada

- | | | |
|--|---------------------------|--|
| | Parpadeo blanco | Se está añadiendo a HomeBase |
| | Parpadeo blanco (una vez) | El sensor detecta una actividad de apertura/cierre |
| | Parpadeo rojo (una vez) | La batería del sensor se está agotando o se desconecta de HomeBase |

Preguntas frecuentes

1. **¿Qué batería utiliza el sensor de entrada?**
El sensor de entrada utiliza una batería CR123A con salida de 3 V.
2. **¿Cuánto dura la batería?**
La batería CR123A dura hasta 2 años, pero depende del uso.

Seguridad

Este producto cumple los requisitos de interferencias radioeléctricas de la Comunidad Europea.

Este producto se ha diseñado y fabricado con materiales y componentes de gran calidad que pueden reciclarse y reutilizarse.

Este símbolo indica que el producto no debe desecharse como residuo doméstico, sino que debe depositarse en un lugar de recogida adecuado para su reciclaje. Una eliminación y un reciclaje adecuados ayudan a proteger los recursos naturales, la salud humana y el medio ambiente. Para obtener más información acerca de la eliminación y el reciclaje de este producto, póngase en contacto con su ayuntamiento, servicio de retirada de desechos o la tienda donde compró el producto.

Pour l'installation du capteur d'entrée :

Capteur d'entrée
(T8900)

Aimant de
capteur

Pile CR123A

Vis de montage

Placement de la pile

Retirez le couvercle du compartiment à pile du capteur d'entrée et insérez la pile CR123A fournie. Remplacez le couvercle.

Ajout d'un capteur d'entrée à votre système

Sur l'application Eufy Security, suivez les instructions à l'écran pour ajouter vos périphériques Eufy Security. Choisissez **Ajouter un périphérique**, puis sélectionnez **Capteur d'entrée** pour l'ajouter à votre système.

Montage du capteur

Placez le capteur sur le bord d'une porte ou d'une fenêtre. Utilisez les bandes adhésives (à l'arrière du capteur) ou les vis de montage fournies pour monter le capteur.

- Assurez-vous que l'écart entre le capteur d'entrée et l'aimant du capteur est inférieur à **4 cm** lorsque la porte ou la fenêtre est fermée.
- Le bas de l'aimant du capteur doit s'aligner avec le bas du capteur d'entrée.

LED

Couleur du voyant LED du capteur État du capteur d'entrée

-  Blanc clignotant Ajouter à HomeBase
-  Blanc clignotant (une fois) Le capteur détecte une activité ouverte/fermée
-  Rouge clignotant (une fois) La pile du capteur est faible ou se déconnecte de HomeBase

FAQ

- Quelle pile le capteur d'entrée utilise-t-il ?**
Le capteur d'entrée utilise une pile CR123A à sortie 3 V.
- Quelle est la durée de vie de la pile ?**
Une pile CR123A dure généralement jusqu'à 2 ans, mais cela dépend de l'utilisation.

Sécurité

 Ce produit est conforme aux exigences en matière d'interférences radio de la Communauté européenne.

 Ce produit a été conçu et fabriqué avec des matériaux et composants de haute qualité, qui peuvent être recyclés et réutilisés.

 Ce symbole signifie que le produit ne doit pas être jeté avec les déchets ménagers, mais doit être transmis à un établissement de collecte adapté pour permettre son recyclage. L'élimination et le recyclage appropriés aident à protéger les ressources naturelles, la santé humaine et l'environnement. Pour plus d'informations sur l'élimination et le recyclage de ce produit, contactez votre municipalité locale, le service de mise au rebut ou la boutique où vous avez acheté ce produit.

Per l'installazione del sensore per ingresso:

Sensore per
ingresso
(T8900)

Magnete del
sensore

Batteria CR123A

Viti di montaggio

Sostituzione della batteria

Rimuovere il coperchio del vano batteria sul sensore per ingresso e inserire la batteria CR123A in dotazione. Rimettere il coperchio.

Aggiunta del sensore per ingresso al sistema

Nell'app Eufy Security, seguire le istruzioni visualizzate sullo schermo per aggiungere dispositivi Eufy Security. Scegliere **Aggiungi dispositivo**, quindi selezionare **Sensore per ingresso** per aggiungerlo al sistema.

Montaggio del sensore

Posizionare il sensore sul bordo di una finestra o di una porta. Usare le strisce adesive (posizionate sul retro del sensore) o le viti in dotazione per montare il sensore.

- Assicurarsi che lo spazio tra il sensore per ingresso e il magnete del sensore sia inferiore a **4 cm** quando la porta o la finestra è chiusa.
- La parte inferiore del magnete del sensore deve allinearsi con la parte inferiore del sensore per ingresso.

LED

Colore spia LED sensore

Stato sensore per ingresso

- | | | |
|--|---------------------------------|--|
| | Bianco lampeggiante | Aggiunto alla base di ricarica |
| | Bianco lampeggiante (una volta) | Il sensore rileva un'attività di apertura/chiusura |
| | Rosso lampeggiante (una volta) | La batteria del sensore è scarica o disconnessa dalla base di ricarica |

Domande frequenti

- Che batteria usa il sensore per ingresso?**
Il sensore per ingresso usa una batteria CR123A con uscita da 3V.
- Quanto dura la batteria?**
Una batteria CR123A dura solitamente fino a 2 anni, ma la durata varia in base all'utilizzo.

Sicurezza

Il prodotto è conforme ai requisiti dell'Unione Europea relativi alle interferenze radio.

Il prodotto è progettato e realizzato con materiali e componenti di alta qualità, riciclabili e riutilizzabili.

Questo simbolo indica che il prodotto non deve essere smaltito tra i rifiuti domestici e deve essere consegnato presso un centro di raccolta per il riciclo. Lo smaltimento e il riciclaggio effettuati in modo corretto aiutano a proteggere le risorse naturali, la salute umana e l'ambiente. Per ulteriori informazioni sullo smaltimento e sul riciclaggio di questo prodotto, contattare gli uffici comunali preposti, il servizio per lo smaltimento oppure il negozio in cui è stato acquistato il prodotto.
