ELITE
1:125

Presenting the new Elite 1:125 Scale Series from Diecast Masters – very large Cat® machines brought down to a size you can hold in the palm of your hand. Small in scale but not in detail, these models capture the essential realism that you’ve come to expect in our larger-scale models.

Elite 1:125 Scale models are gift-ready, packaged in quality flip-top boxes and mounted on mirrored bases with inset nameplates identifying each machine. And for the true “gear-heads” among us, the back inside panel of the box includes full machine specifications and a schematic drawing.
