SIZE CHART

SIZE	HEIGHT		CUFF	
	CM	FT	CM	IN
SMALL	160 - 170	4'8" - 5'2"	28 - 31	11 - 12
S	162 - 169	5'3" - 5'5"	32 - 35	13 - 14
M	170 - 184	5'6" - 6'0"	35 - 40	14 - 16
L	180 +	6'0" +	41 +	16 +

HOW DOES THE BODY ADJUST TECHNOLOGY WORKS?

The highest functionality of the padding is achieved at 36.6° - 37° C (97.7° - 98.6° F). Once you warm up and your body reaches the optimal temperature - the BAT technology activates. The padding gets softer and moulds around the body making them incredibly comfortable.

- Insert and take out shin guard only when the sleeve is on.
- Includes one pair of shin guards and sleeves.
- This protective equipment is designed to help reduce the risk of injury. No protective equipment can prevent all injuries whether impact related or otherwise incurred.

- Washing instructions for shin guards.
