Thank you for purchasing our product. Please read the operating instructions carefully before using the product for the first time. If you give the product to a third party, this manual must be handed over with it. Keep the instruction manual for future reference.

The drawings in this manual may not match the physical objects. Please refer to the physical objects.

1. Security Instructions

- The transport wagon is only suitable for private use and not for commercial use.
- The transport wagon should only be used on firm and level ground.
- The article or the chassis is delivered already assembled. The wagon only needs to be unfolded and the roof mounted. No tools are required.
- No toy for children! Do not leave children unattended playing with the trolley.
- The assembly and regular maintenance may only be carried out by adults.
- During operation the wagon should be loaded evenly and balanced to prevent possible accidents.
- If the article or individual parts should be defective, do not use the trolley further. Contact our customer service.
- No changes in material or construction may be made to the product.
- Check the item, especially the wheels, regularly for damage and strength.
- Do not use this product if parts are missing, damaged or worn.
- Never use abrasive or chemical cleaners.
- Do not leave your product in the rain. Protect it from the weather.
- During periods of frost and over the winter, we recommend storing the product in a dry and protected place.

2. Assembly

2.1 Overview of variants

	Standard	Premium	Deluxe
Flap lock	Yes	Yes	Yes
Brake	Yes, on front axle*	Yes, on both axles	Yes, on front axle*
Wheels	broad, Offroad	small, Street	broad, Offroad
Telescopic rod	No, fix length	Yes, flexible	Yes, flexible
Sliding rod	No	Yes	Yes
Resilience	100kg	100kg	100kg

*Wheels turn on front axle

2.2 Assembly

The assembly can be done without tools. Depending on the version, these instructions may vary slightly. Check the transport wagon for damage and completeness in advance.

1. Take the transport wagon out of the packaging and the transport bag.
2. Open the locking device on the side or on the top (standard version)
3. For the Standard and Deluxe versions, the rear wheels must be pushed or folded outwards. Unfold the wagon completely and place the wagon on its wheels.
4. A Velcro fastener is attached to the middle crossbar under the transport wagon.
5. Pull (or push and turn) the roof supports out at the corners. You can now put the roof on and fix it. To do this, put the roof bar through the flap at the corner of the roof.

*Image may vary depending on version

3. Environmentally friendly disposal

Warning Danger of suffocation! Packaging material is dangerous for children. Never let children play with packaging material.

3.1 Disposal of the packaging

- The packaging of your unit consists of materials that are necessary to guarantee effective protection during transport. These materials are fully recyclable and therefore reduce the environmental impact. Dispose of the packaging in a bin for recyclable materials.

3.2 Disposal of waste equipment

- Old appliances must be disposed of in accordance with the guidelines and regulations of the local waste disposal authority. Check with your local administration for the address of the nearest recycling centre and deliver your appliance there.
