Manage Recipes

With VeSync, you can mark your favorite recipes, view your recipe history, and create and save your own custom recipes to spend less time searching and more time cooking.

11 Original Presets

A Cosori Air Fryer means so much more than fries. Serve up egg bakes, impressive sides, desserts, roasted veggies, and just about any protein, expertly cooked.

Ergonomic Design

The fryer's touch screen display is angled to face you, increasing visibility and ease of use.

Preheating Perks

You won't find a preheating option in many other air fryers. Preheating visibly improves food texture and takes 2-5 minutes!

Nonstick Basket

Foods are as easy to take out as they were to put in. The nonstick surface of the basket results in less residue left behind. In turn, cleanup won't be so rough.

Suitable for Anyone

No matter what your skill level is in the kitchen or how busy your schedule gets, everyone can enjoy crispy, perfectly cooked meals in just minutes with the COSORI CS158. Enjoy the same crispy textures you love with up to 85% less fat than traditionally fried foods and no deep-fried cooking fumes lingering in the kitchen afterward.
