SAFETY INSTRUCTION

- Brush/Bristle area will be hot. DO NOT TOUCH THIS AREA WHILE APPLIANCE IS IN USE.
- Do not use the device if it is defective or the cord is damaged.
- Unplug and store the device in a safe and dry environment after each use.

Close supervision is necessary when the appliance is used by children, people with disabilities and lack of professional knowledge. Do not use the dryer brush near aerosol cans, spray products or other toiletries.

- Do not use the device for any other purpose than its intended use.
- Do not use with a voltage converter.
- Before carrying out any cleaning or maintenance, please be sure the device is unplugged and completely cooled.
- NEVER block the air opening of the appliance or place the appliance near or on a soft surface that may block the openings.
- No liability can be accepted for any damage caused by non-compliance with these instructions or any other improper use or mishandling.

OPERATING INSTRUCTIONS

- Prior to plugging in, check the voltage on the rating label to ensure it corresponds with your household mains voltage.
- The brush is equipped with three heat settings - low/middle/high - which are controlled using the side button. Use the high speed setting for rough drying of thicker hair, and the medium setting for finer and more precise control when styling. The

MAINTENANCE AND CARE

- Always unplug the device and allow to cool prior to clean.
- Periodically inspect the air intake/liter screen on the back of the brush and remove any debris that may have accumulated. Build up may reduce air flow and damage the brush.
- NEVER use the following chemicals to clean the device: thinner, gasoline alcohols, or any other flammable chemicals.
- Do not wrap the cord around the device, this may cause cord wear.
- USE a soft dry cloth to clean the device.

NOTE: During the first few minutes of initial use you may notice smoke and a slight odor. This is normal and will quickly disappear.

WARRANTY POLICY INSTRUCTIONS

Products are manufactured to the highest standard and will provide you with superior performance when used in accordance with the instructions in the manual. Our product comes with a 1-year warranty.

If you encounter any problem using the blower

IMPORTANT MESSAGE TO CONSUMERS
THIS MESSAGE ABOUT
GROUND FAULT CIRCUIT INTERRUPTERS
CAN SAVE A LIFE

IF YOU MUST USE YOUR HAIR DRYER IN THE BATHROOM, INSTALL A GFCI NOW!

For more information on the importance of using ground fault circuit interrupters (GFCIs) in the bathroom, visit www.nec.org.
The National Fire Protection Association (NFPA) estimates that more than 100 people die each year from electrocution in the bathroom. Most of these deaths are preventable. GFCIs are designed to protect you from electrocution in the bathroom. They are easy to install and can save your life.
GFCIs can save your life. Compare to other GFCIs, the price is small. Do not wait. Install one now!
