

Oxford LinkLock GL Folding Lock

More Information

Options & Sizing

Description:

Oxford LinkLock GL offers all the strength of a U-Lock, with the added portability of a D-lock and the flexibility of a chain lock.

With a perimeter of 900mm, there is plenty of length to attach bikes to an immovable object and the lock folds away neatly when not in use. A universal carry bracket is included so it's easy to attach to your frame securely.

With Sold Secure Pedal Cycle Gold and ART 2* rating you can be confident you have a stronger deterrent against thieves.
