

Measure instructions

- 1** Use a measuring tape or ruler and place your measuring instrument on the blind.
- 2** Make sure that the blinds are horizontal, so you can measure properly.
- 3** Measure the width of the blind and check which size you need to order.
- 4** 50mm version = 5cm
60mm version = 6cm, 6.3cm, 6.5cm and 7cm
- 5** The measured size is the size you need to order.
