

## THE NEW SOUNDBOKS

### MEET THE NEW SOUNDBOKS

The New SOUNDBOKS is unlike any speaker in the world and any SOUNDBOKS that has come before it. The last one was the SOUNDBOKS 2, but this isn't the SOUNDBOKS 3. This isn't just a continuation. It's redefining the standard.

- 126 dB at full volume. Superior clarity, immersive frequencies, and real power.
- Connects with pretty much everything. Wired and wireless.
- The only Bluetooth speaker with a 40-hour (mid-volume), swappable battery.
- Gorgeous design. And the durability to keep it looking that way.
