

The i3T Plus is a slim tail switch EDC flashlight powered by two AAA batteries. Its high-performance LED, paired with a PMMA optic lens, produces a soft and balanced beam with a 250 or 15-lumen setting. With double battery power compared to the i3T, its runtime reaches up to 28 hours. The slim and lightweight aluminum alloy body is perfect for handheld use with its non-slip knurling. You can hold it easily with three fingers and use it to inspect narrow spaces. It also features a two-way pocket clip that can easily clip onto a pocket or backpack strap. Powerful, stylish, and with extended runtime, the i3T Plus is a great EDC light to tackle everyday tasks.

#### SPECIFICATIONS

			
<b>HIGH</b>	250±100lumens	1+480min	
<b>LOW</b>	15lumens	28h	
			
THROW	CANDELA	IMPACT	WATERPROOF
