

HOTGRIPS® PRO

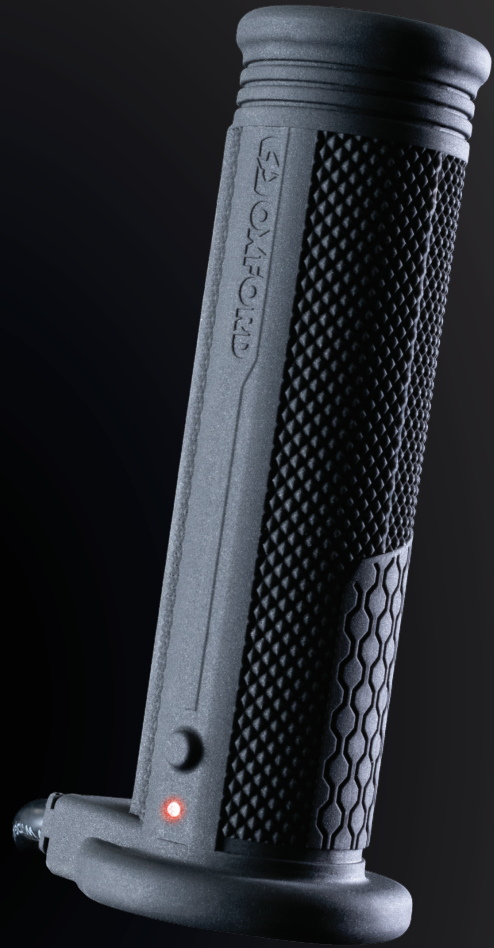

NEW

ADVANCED HEATED GRIPS WITH INTEGRATED CONTROLLER

HOTGRIPS® PRO are the latest evolution of Oxford's vast range of world-leading heated grips. They offer fully integrated temperature control in 3 brand new, silicone formed grip patterns; improving durability and heat stability. Simply press the integrated button to set your temperature and allow them to self-regulate, while you keep your focus on the road.

Go to our dedicated website to find out more:

OXFORDHOTGRIPS.COM

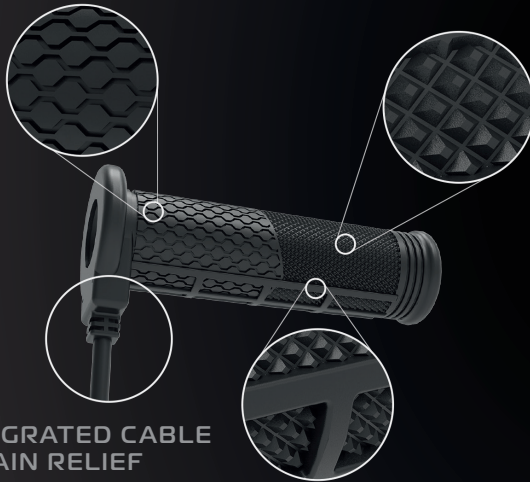

HEX

Creating a comfort layer, reducing vibration through the grip, whilst increasing durability.

KNURLING

Creates the largest surface area for maximum grip and control.

INTEGRATED CABLE STRAIN RELIEF

Allows for a more compact cable exit. This reduces the size of the grip without reducing the reliability and durability of the cable exit.

GRIPPER BARS

Designed for tough terrain where grip is more important for control and stability.

EXHAUST SHIELDS

MOTORCYCLE ACCESSORIES

Oxford's Exhaust Heat Shield offers thermal protection by deflecting radiated exhaust heat and guards against you, your clothing or your accessories from accidentally touching a hot exhaust system. The Heat Shield is supplied with adjustable clamps so it can be fitted to a variety of different sized exhaust pipe diameters. Available in four bespoke designs to suit the style of your bike: Cafe, Street, Sport and Scrambler.

FEATURES

- Stainless steel construction
- Thermal protection
- Corrosion resistant
- Easy to install

HANDLEBAR MOUNT

NEW FILTER BUDS

Reusable noise filtering earplugs

When you're riding, you DON'T want to damage your hearing with the constant roar of the wind whipping under and over your helmet. You DO however want to hear the things which make for a safe and enjoyable ride... your engine note, vehicles around you, sirens, alarms and the sounds of other people going about their business. Regular earplugs just block out sound... ALL of it!

NEW SMART FINGERS

Touchscreen glove contacts compatible with smart phones & tablets

Have you got a favourite pair of gloves but can't operate your phone with them on? The solution is Oxford's Smart Fingers. Just affix these touchscreen compatible contact pads to the fingertips of your gloves and you'll never need to remove them to use your phone again.

NEW DESIGNS

RIGGERS

HEAVY DUTY MOTORCYCLE BRACES
