重要安全信息

长时间大音量使用耳机可能会对听力造成永久性伤害。因此，请谨慎使用合适的音量收听。

Basic introduction

Using headphones at high volumes for long periods of time can cause permanent damage to your hearing, so keep it up! Use the headset at a safe volume range. Over time, your ear will adjust to a higher volume, so the volume that doesn't cause discomfort can still cause damage to your hearing if you wear it long after you use them, which means your volume is too high.
