

Hard Wax Beans

Ideal for the removal of
body and facial hair on all
skin types.

Natural Wax Ingredients:

Colophonium (Rosin), Glycerol Rosinate, Ethylene/VA Copolymer,
Beeswax, Paraffin, Glycerol Hydrogenate Rosinate, Methyl
Hydrogenated Rosinate, Hydrogenated Coconut Oil,
C30-45 Alkyl Methicone

Directions For Use:

Place the block wax into the Wax Heater of your choice. Heat the wax to a working temperature and using a spatula, spread a layer of Film Wax onto the area to be treated in the direction of the hair growth. Allow a short period to cool and then holding the skin taut remove the wax with a firm action against the direction of the hair growth.

Warning:

For professional use only". Ensure wax is not too hot before applying to skin. Do not use on broken or irritated skin or if you have suffered any adverse reactions to waxes in the past. Suitable for legs, underarms, chest and back. Following the directions for use, first test this product on a small patch of the skin in the area you wish to treat. If after 24 hours there is no adverse reaction proceed with full application. After use always wait 24 hours before using antiperspirant, aftershave or astringent lotion on the treated area. Not recommended if you have suffered an adverse reaction to waxing previously. If you are on medication that affects skin or you have a skin related disorder consult your doctor before use. Do not use within 2 hours of showering, bathing or sunbathing.

Hair removal wax, without strip
