

# INSTRUCTIONAL GUIDE

## TYPE-C TO HDMI ADAPTER

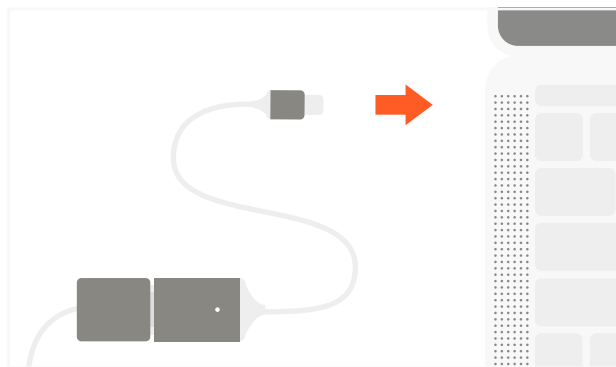

- 1** Plug HDMI cable into HDMI-equipped external monitor.  
External monitor must have HDMI to HDMI capability.

- 2** Connect HDMI cable to the Adapter. The Adapter is backwards compatible with HDMI 1.4 and up.  
HDMI 2.0 cable recommended for optimal functionality.

- 3** Connect Type-C to HDMI Adapter to your USB-C or Thunderbolt 3 device.  
USB-C device must support DisplayPort over USB-C connection.
