HOW TO UNPACK YOUR MATTRESS

Lay the box on its side in your bedroom. Remove bagged mattress.

Remove mattress from a plastic canvas bag. DO NOT USE knife or scissors, as this may result in damage to your mattress.

Roll out the compressed mattress on to a clean, flat surface.

Carefully cut open the CLEAR plastic bag along the edges. The mattress instantly begins to decompress. Remove the bag.

Allow bed to fully recover before adding bed linens. Use on any flat support surface such as a box spring, platform bed or foundation.
