PRODUCT DESCRIPTION

Livington Arctic Air - Cools, humidifies and refreshes the air around you

Enjoy your own personal feel-good zone with the **Livington Arctic Air**, the revolutionary evaporative air conditioner. With its ingenious Hydro-Chill technology, **Livington Arctic Air** provides natural cooling of your surroundings through the evaporation of pure water. The cool, humidified air is distributed evenly and gently - more beneficial than chemical-using air conditioners that often have negative effects on the body. With the 3 speed and cooling levels, as well as the 7 selectable mood lights, it creates the perfect feel-good atmosphere in any location. Whether in the office, playroom or bedroom, the **Livington Arctic Air** works extremely quietly and distributes the cooled air evenly throughout the environment. The compact lightweight version can be quickly and easily set up and taken anywhere: at home, at work, on trips or camping. It is mobile and independent, and can be powered from the mains or via the USB port. The filters are easy to exchange and sold separately.
