

Read and save this instruction manual before allowing your child to use this product!

Product name: Zero 5 / Zero 6 series

EN71-3 and EN14619 Class A APPROVAL BY TUV SÜD

Max. 100KG

Despite careful editing it is not possible to completely rule out printing errors or changes to product specifications at short notice. The pictures in this manual are indicative in nature and may vary from the actual product. In any case refer to the actual product. The scooter and its' components may be subject to product improvements. Thus, there can be changes in design, manufacturing or construction without prior notification once all regulations and tests have been fully passed. For further information, please contact the KETTLER support team using the following email address: info@kettlershop.com.
