The large four-slot toaster

The Steel Toaster 4 is the family-sized appliance of the Steel Toaster series by Princess. With room for up to four slices of bread that can be prepared in pairs of two, this toaster uses 1500 watts of power in return for the most efficient and even heating of its series. It comes with all the expected functionalities, such as a cancel, reheat and defrost button.

7 settings and included accessories

Choose between 7 browning settings to achieve the perfect end result. You can also attach one or two bun warmers to prepare hamburger or hotdog buns while making toast for maximal efficiency. Finally, the two crumb trays at the bottom are easily removable and can be cleaned without much effort.

Part of the Steel Toaster series

This appliance is part of the Princess Steel Toaster series, a set of toasters characterized by a modern, stainless steel design with sleek shapes, rounded corners and above all, sturdy buttons, dials and pop-up levers. For more information on the other products of the series, visit our website: www.princesshome.eu.
