

The image features a black Sennheiser MM 30i Smart Remote with a microphone. The device is cylindrical with a black finish and a silver-colored band in the middle. It has a plus sign (+) and the Sennheiser logo on the top section. A thin cable is attached to the bottom. The background is a dark, gradient grey. The Sennheiser logo and brand name are at the top. A blue banner on the left contains the product name. At the bottom, there are four lines of text in different languages, each followed by a vertical bar and the word 'QuickGuide' or its equivalent.

declare the above device comply with the requirements of Federal Communications Commission.

This device complies with Part 15 of the FCC rules. Operation is subjected to the following two conditions:

- 1) This device may not cause harmful interference, and
- 2) This device must accept any interference received, including interference that may cause undesired operation.

Responsible Party: John Falcone

This device complies with Part 15 subpart b of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits

EN

are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.

- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

EN

This class B digital apparatus complies with the Canadian ICES-003.

Changes or modifications made to this equipment not expressly approved by Sennheiser electronic Corp. may void the FCC authorization to operate this equipment.

Made for

iPod

iPhone

iPad

“Made for iPod”, “Made for iPhone” and “Made for iPad” mean that an electronic accessory has been designed to connect specifically to iPod, iPhone, or iPad, respectively, and has been certified by the developer to meet Apple performance standards. Apple is not responsible for the operation of this device or its compliance with safety and regulatory standards.

iPhone and iPod are trademarks of Apple Inc., registered in the U.S. and other countries. iPad is a trademark of Apple Inc.

„Made for iPod“, „Made for iPhone“ und „Made for iPad“ bedeuten, dass ein elektronisches Zusatzgerät speziell für den Anschluss an den iPod, das iPhone bzw. das iPad konstruiert ist und vom Entwickler dahingehend zertifiziert wurde, dass es den Apple-Leistungsnormen entspricht. Apple übernimmt keine Gewähr im Hinblick auf die Verwendbarkeit dieses Gerätes oder dessen Konformität mit den Standards für Sicherheit und Funkentstörung.

iPod und iPhone sind in den USA und anderen Ländern eingetragene Marken von Apple Inc. iPad ist eine Marke von Apple Inc.

“Made for iPod”, “Made for iPhone et “Made for iPad” signifient qu’un accessoire électronique a été développé spécifiquement pour l’iPod, l’iPhone, ou l’iPad et que son développeur certifie qu’il répond aux normes de performance Apple. Apple n’est pas responsable du fonctionnement de cet accessoire ni de sa conformité aux normes réglementaires et de sécurité.

iPod et iPhone sont des marques déposées d’Apple Inc., enregistrées aux Etats-Unis et dans d’autres pays. iPad est une marque d’Apple Inc.
