

**Battery use precautions:**

The main module contains a rechargeable 3.7V lithium battery pack, and the battery is not removable;  
Charging must be performed under the supervision of an adult (~90 minutes), and the power terminals must not be short-circuited;

The remote control uses two 1.5V AAA non-rechargeable batteries.

The battery is removed and placed in the correct way;

The battery drained should be taken from the product;

Different types of batteries or old and new batteries cannot be mixed;

A battery of the same model or equivalent to the recommended model can be used;

Non-rechargeable batteries are not rechargeable;

**maintenance:**

This product must not be used in water or in a humid environment. Use a dry cloth to remove surface smudges.
