	Warning! Warning for potential risk of death and/or serious irreversible injury!
	Warning! Risk of suffocation. Warning for potential risk of death and/or serious irreversible injury!

GENERAL INFORMATION

- Read the instructions for use carefully and keep them safe. If you give this product to other people, please also pass on this manual.
- Only use this product in accordance with the instructions in this user manual.
- This product can be used by children from the age of 8 years, as well as persons with diminished physical, sensory, or mental abilities, or people with little experience and knowledge if they are supervised or instructed about its safe use, provided they also understand the potential risks of such use. Keep unsupervised children away from the product.
- Keep the product out of the reach of children below the age of 8 years.
- This product is intended for domestic or similar use, not for professional use.

 **WARNING!** Do not leave packaging material lying around carelessly. This may become dangerous playing material for children. **Risk of suffocation!**

GENERAL SAFETY INFORMATION AND INSTRUCTIONS

- This product is not a toy and should be kept under strict supervision to prevent children from using the product as a toy.
- Do not allow children to clean or maintain this product unsupervised.
- Never allow children or pets to use domestic appliances as toys or without supervision. Children are unable to judge the hazards associated with incorrectly using electric appliances.
- Children and pets in the vicinity of the product must always be supervised by an adult.
- Before each use, check the product for wear, damage and if all parts of the product and screws are properly secured.
- Make sure the product is properly assembled before using it.
- Be careful of fingers and other body parts, hair, clothing, jewellery, and other objects when folding the product.
- Do not exceed the maximum load weight of 80 kg.
- Do not ride, stand or sit on the product.
- Only use the product to transport goods. Do not use it to transport people or animals.
- Secure all goods in the product to avoid dropping.
- Distribute the weight of the goods evenly especially when loading and unloading the product. Uneven weight distribution may cause the product to tip over.
- Do not use on steep inclines where tipping may occur.
- The product is not suitable for attaching to a car.
- Clean the product thoroughly after use (see "cleaning and maintenance").

- When in use and when stored, do not place anything else on top of the product.
- Avoid locations subject to vibrations, cold or humidity.
- Do not expose the product to direct sunlight, heat sources, excessive humidity or corrosive environments.
- Do not use the product near or in water.
- Never immerse the product in water or any other liquid.
- Do not place the product under any mechanical stress.
- Improper use of the product could damage the product.
- Please handle the product carefully. Impacts or falls, even from a low height, can damage the product.
- Do not attempt to disassemble or repair the product or modify it in any manner.
- Pay particular attention to the wearing parts.
- The product must be serviced if it has been damaged in any way, i.e., objects have fallen into it; it has been exposed to rain or moisture; it has been dropped or does not operate properly.
- Do not use abrasive cleaning solvents to clean the product.
- Do not use foreign objects to clean the product.
- This product is intended for domestic purposes only, not for professional use.
- The warranty will expire immediately if damage has been caused by non-compliance with this user manual. The manufacturer accepts no liability for damage caused by non-compliance with the user manual, negligent use or use which does not comply with the conditions of this user manual.

3) USING THE PRODUCT

Open the packaging carefully before taking out the product. Make sure the product is complete and undamaged. If any components are missing or damaged, contact the vendor and do not use the product. Retain the packaging or recycle it in accordance with local regulations.

USING THE PRODUCT

Use the product to transport goods such as bags, camping gear, beach equipment or groceries. Fold the product by pulling the loop in the middle of the cover and carefully push the frame together. When folded, you can fold the loops of the cover together with velcro into a cover handle.

MAINTENANCE

The cover can be removed from the frame by the velcro on both ends. Wipe with a damp cloth using a mild detergent and dry thoroughly with a dry cloth. Do not use foreign objects or abrasive cleaning solvents to clean the device. Avoid direct sunlight and rain for long duration as fading may occur. Make sure all parts are dry before storing. When not in use, store the product in a dry location.

Dispose of the packaging materials and product in accordance with current local regulations. You can ask your local competent council about the location of your nearest collection point.

4) SPECIFICATIONS

- Material: Polyester, PP, PVC, Steel
- Dimensions: ± 101 x 57 x 99 cm (H x W x D)
- Maximum load capacity is 80kg.
- Only intended for transporting goods.
