

# CERTIFICATE OF ANALYSIS

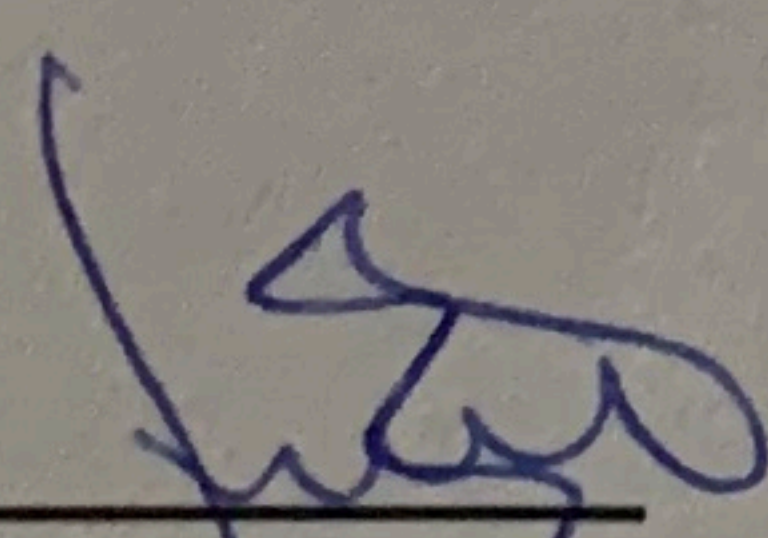

No:059438 Date of issue:09.04.2021

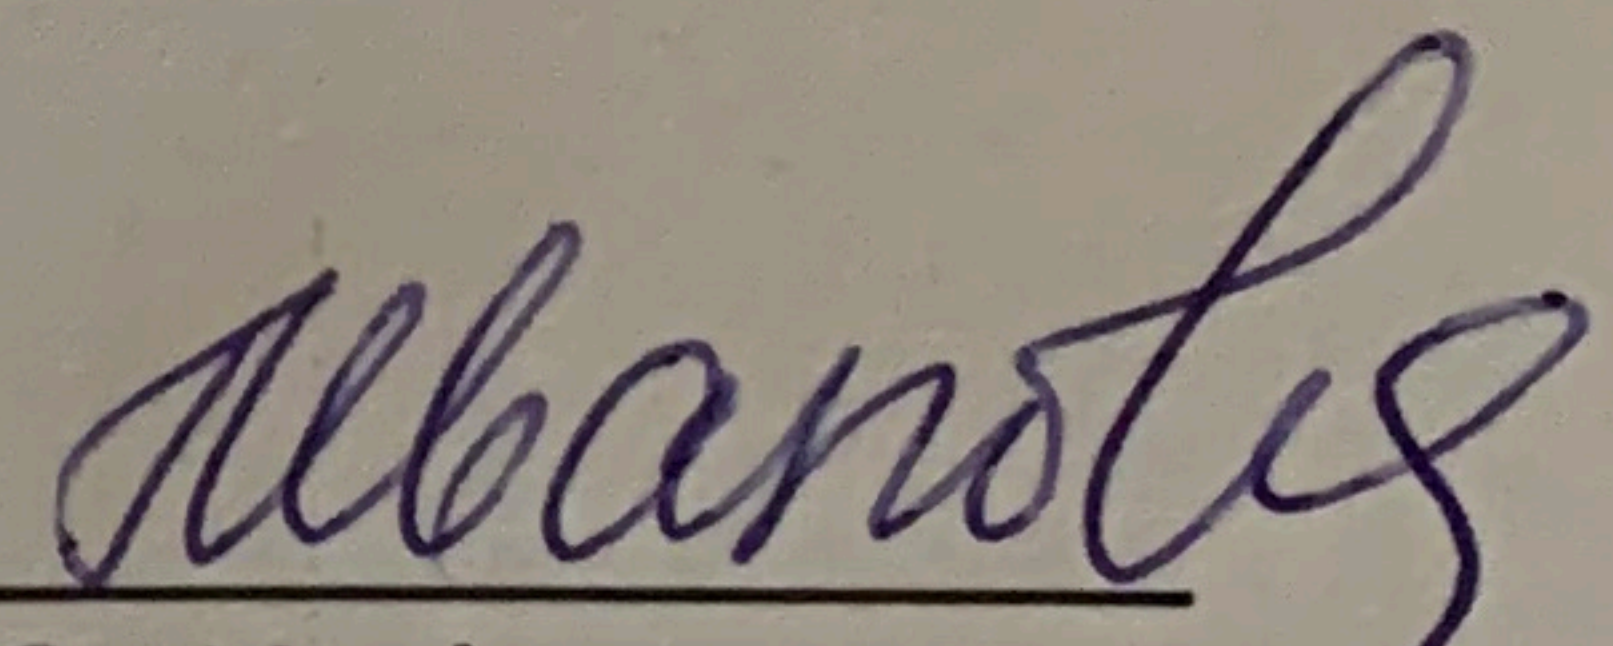

PRODUCT: Bebble Body milk 200 ml  
Lot No: 10306024  
Manufacturing Date: 04.2021  
Best before: 04.2024

**STORAGE:** In dry and ventilated warehouses at temperatures between 5 °C and 25 °C, away from heaters and direct sunlight.

CHARACTERISTICS	LIMITS	TEST RESULT
Appearance	homogeneous emulsion	conforms
Color	white, according to sample	conforms
Odor	according to sample	conforms
pH	5.0 - 6.0	5.8
Moisture and volatile substances, %	75.00 - 85.00	82.2
Emulsion stability	to conforms	conforms
Thermostability at (-)10 °C and (+)40 °C	to conforms	conforms
<i>Microbiological limits</i>		
Total viable count for aerobic mesophilic microorganisms (bacteria, yeast and moulds), CFU/g (ml)	$\leq 1 \times 10^2$	< 10
Specific microorganisms in 1 g (ml): <ul style="list-style-type: none"><li>• Escherichia coli</li><li>• Pseudomonas aeruginosa</li><li>• Staphylococcus aureus</li><li>• Candida albicans</li></ul>	must not detected	not detected

**CONCLUSION:** The product meets the requirements of Company's TDS and REGULATION (EC) No 1223/2009
