- Coding pre-heads should always begin here. Eg. LOT / BN
- If only 1 line is used for this particular pre-head, please use middle line
- If 2 lines used for this particular pre-head, use top and middle lines
- Bottom line to be used only when 3 lines of text are required for this particular pre-head
- If only 1 line is used for this particular pre-head, please use bottom line. Eg. 'EXP' would be on the bottom line 'Expiry Date' would take up 2 lines therefore would start on the top line and run onto the bottom line
