Colour	: Grey

Story

The AC7035 helps you to connect a source device, e.g. a notebook, with a USB-C output, directly to a monitor with DisplayPort input. No additional DisplayPort cable is needed. This solid aluminium video converter supports a maximum resolution of 4096 x 2160 (4K) @ 60Hz. An ideal resolution for displaying videos, pictures, presentations etc. Please make sure the USB-C port of your source device supports DP Alt Mode. The long cable of 1.8m gives you more freedom of movement.
