

THE LAST ROSE

Electrifying attraction, breathtaking dates, and true love – the beloved TV dating show *The One* offers it all! But when one of the final candidates is found dead, the facade of the million-dollar show begins to crumble.

As host, invite your guests to a dinner party where everyone takes on the role of a murder suspect. One of you committed the murder – but each of you have secrets you'd rather keep to yourselves. Try to discover the secrets of your fellow players without making yourself suspicious. Your goal is to solve the murder case or to get away with the terrible deed – perhaps by implicating someone else!

The Victim: Cheyenne Aleon

Seductive, smart, and duplicitous, Cheyenne has been impossible to ignore this season. Both hated and loved, she's been solely responsible for the astronomical ratings each week. Looking for love, she found death instead. Who cancelled her life story?

Alexander von Altenburg

The party boy from an affluent family is now Prince Charming seeking the princess who deserves his last rose. He's been the most popular Rose-Bearer to date but seems very unhappy with the show – unhappy enough for murder?

Georg von Altenburg

The multi-millionaire carefully maintains an impeccable image and has been quietly supporting his wastrel son for years. Stepping into the glamour of reality TV for a special episode seems a very unusual action.

Judith Freud

The show's psychologist looks after the candidates on *The One* and tries to emulate her ancestor. She's responsible for managing any "situations" behind the scenes. What dark secrets might be lurking there?

Ella Newhouse

Ella has always dreamed of finding her Prince Charming, and she has finally found him in Alexander. After having to kiss lots of frogs to get here, eliminating a rival princess might not be that difficult to do.

Samantha Edwards

The public's darling knows how to present herself as cool and sexy on or off TV! However, is true love the irresistible Sam's real reason for being on *The One* this season?

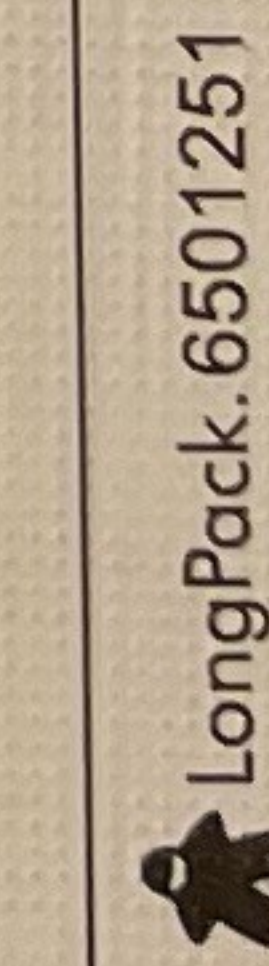

Benjamin Bailhaus

Raw emotions, nasty bickering, and sappy romance: his camera captures all the best scenes for the hit reality show. However, he's grown sick of it all and is willing to do anything to leave and make serious documentaries.

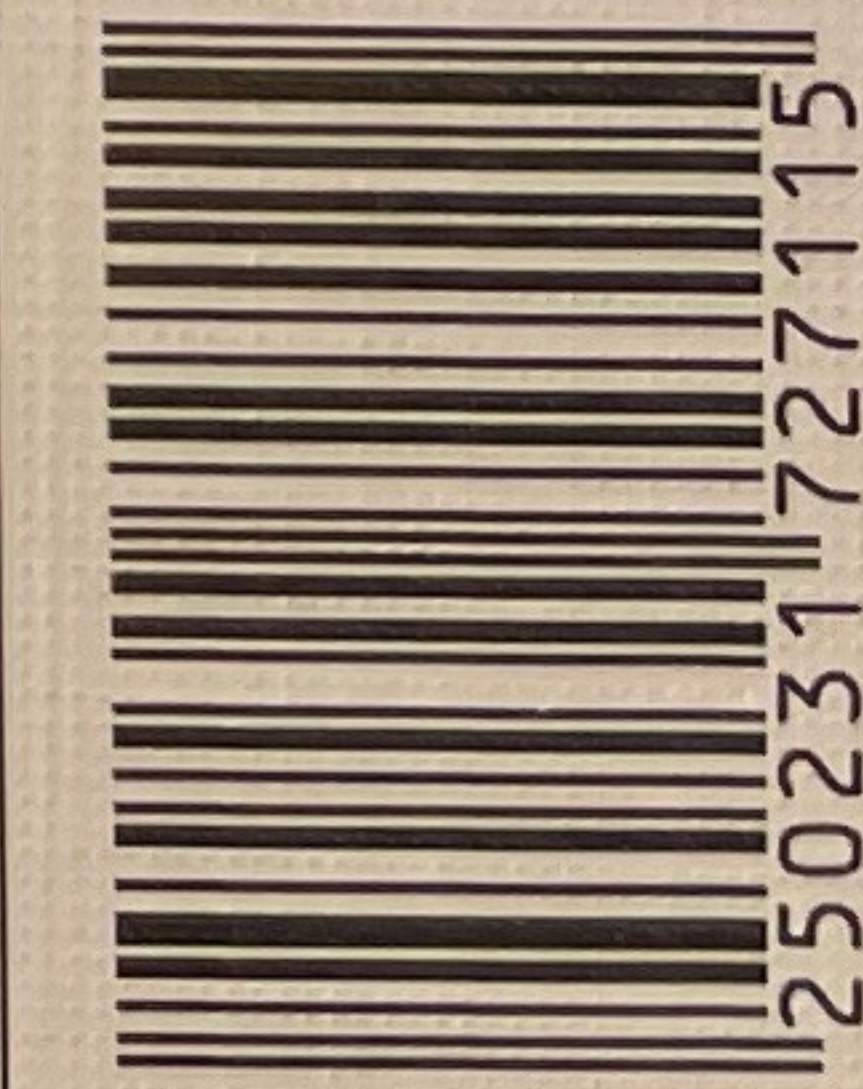

Nina King

She created *The One* and has ruled the hit show and its participants as the "Queen of Reality TV" ever since. Who knows how far she will go to get smash ratings?
