

# BALLOON HEADBOARD

1. Remove all of the contents from the plastic bag. You should have: 1x Sticker Sheet, 1x Balloon and 1x Baseboard.

2. Bend the four square cutlines that are located in the centre of the foot shaped baseboard. This will form four supporting walls for the balloon head to stand on.

4. Place the individual stickers on the balloon to create characters. Remove the sticker slowly and carefully if any adjusting is needed.

3. Pull the neck of the balloon through the hole in the centre of the baseboard. Adjust the four supporting walls on the baseboard to allow the balloon to stand.
