

Gonen Celik Stainless Steel BBQ Skewers

Product Usage Instructions

1. Our products can be cleaned using a dishwasher.
2. Our products are required to be washed with hot water and dish soap before first use. Do not use any other chemical.
3. To prevent any stain caused by lime or mineral residue from the water, dry the products using a soft cloth after every cleaning.
4. You can use metal wire or brush while cleaning the products. But if wire and brush are used, it can cause scratches on the steel.
5. To get rid of the stains that appear on the surface due to the water drops, you can use a sponge and a few drops of lemon juice or vinegar.
