Uninterruptible Power Supply

Model : BV1000i-GR

Input Voltage : 220-240V ~

Output Voltage : 220-240V ~

Output Capacity : 1000VA; 600W

Input Frequency : 50/60Hz

Output Frequency : 50/60Hz

Rated conditional

Short-circuit Current : 100 TxA

Input Current : 4.5A

Output Current : 4.5A

CAUTION:

- Batteries may cause chemical hazard, electrical shock, and energy hazard. Refer to user manual for details of the maintenance, handling and disposal requirements for batteries.

35 Rue Joseph Monier,
Rueil-Malmaison, FranceBuilt-in Sealed lead-acid batteries.
Battery Must be Recycled
