WAHL®

PROFESSIONAL

DETAILER®

## Blades

Wahl blades are made from the highest quality steel that is best suited for haircutting. Wahl uses high precision grinding technology to ensure the best cutting performance.

Features close cutting T-shaped blades for accurate detail work.

Expertly engineered in the USA for outstanding quality.

## Power

The Wahl Detailer features a professional rotary motor providing a powerful trimming action with low vibration.

This small yet powerful trimmer will deliver the power and reliability you require.

## Performance

Wahl is dedicated to providing high performance, practical hardworking tools, designed to the highest standards

Wahl manufactures professional products in the USA and Europe, to provide hairdressers and barbers with top quality, high performance products.

## Design

The Wahl Detailer's lightweight and stylish design provides you with balance and control.

T-shaped blades that adjust to zero overlap are ideal for super close trimming, outlines and detail work.
