GRAND AUSTRIA HOTEL

Right in the thick of the Viennese Modern Age, exquisite cafés are competing for customers. Inspiring artists, important politicians, and tourists from all over the world are populating Vienna and are in need of a hotel room.

This is your opportunity to turn your little café into a world famous hotel.
Hire staff, fulfill the wishes of your guests, and gain the emperor's favor.

Only then will your café become the Grand Austria Hotel.

Expand your hotel and attract the right guests to your café.

Fulfill your guests' every wish and you will be rewarded handsomely—not only with victory points but also with important special abilities.

Hire more staff to help you.

Always keep an eye on the current criteria. Each game only 3 of the 12 possible objectives are used.

The dice provide for different tactics and strategies. Choose your actions wisely!
