This declaration concerns the device *Kitchen scale KN2432WB* produced by *Guangdong Welland Technology Co., Ltd.* and is provided to ensure compliance with European Union regulations, including the Data Act.

1. Data Identification

1.1 Types of data generated by the device:

- Food Nutritional Components
- Fat
- Carbohydrates
- Protein
- Date and time of measurement

1.2 Data format and storage method:

- Format: *[JSON]*
- Storage method*: [locally in app / in the cloud]*

3. Data storage location:

- *[Amazon Germany's cloud servers , local user app]*

2. User Access

2.1 Users have free, easy, and real-time access to their data in a structured, machine-readable format through:

- *[export function in the app]*

2.2 Users can provide their data to third parties via:

- *[API, export file]*

3. Interfaces / API

3.1 The manufacturer provides an API description or other integration mechanism for third parties if the user gives consent.

3.2 Technical documentation includes:

- API endpoints
- Authorization methods
- Data format
- *[other technical integration information]*

4. B2B Agreements

4.1 Data controller: *[Guangdong Welland Technology Co., Ltd.*]

4.2 Responsibility for providing data to users and third parties:

[Sharing and Disclosure of Personal Information

We will not share your personal information with unrelated third parties without your consent, except in the following cases:

1. Some services are provided or co-provided by partners (e.g., technical service providers, logistics companies). We may share your information with partners to deliver these services; you may refuse the service to avoid sharing;
2. We are required by laws, regulations, or government mandates to provide information to judicial or government authorities;
3. To prevent serious harm to others' legitimate rights, public interests, or your legitimate rights;
4. We detect that you have violated the Service Terms or caused significant harm to the App's legitimate rights.

]

4.3 Trade secret protection:

[5. Information Security and Storage

- **Security Measures**: Your account information is protected by password encryption; only you can access your personal information. We will not proactively request your password—please keep it secure.
- **Storage**: Your data is stored in CSV format on Amazon servers located in the United States and Germany.
- **Retention Period**: Your personal data will be retained for 24 months. After this period, we will securely delete or anonymize the data.
- **Risk Disclosure**: Data transmission over the internet/wireless networks cannot be fully secured. While we strive to protect your information, we cannot guarantee the security of data transmitted to us. You assume the risk of such transmission; we will use reasonable efforts to secure our systems once we receive your data.

]

5. Security

5.1 Data is secured according to best practices, including:

- Data transmission encryption (TLS 1.2+)
- Data storage encryption (eAES-256)

5.2 User data can be permanently deleted upon request according to the following procedure:

[Mine->Account management->Account Delete]

Date and place: *[8/12/2025, Zhongshan]*

Manufacturer signature and stamp:
