### PRECAUTIONS ABOUT THE BATTERY

1. Pay attention to the polarity of the battery when installing or replacing the battery.
2. The same type of batteries or old and new batteries cannot be mixed.
3. Different types of batteries cannot be shorted.
4. The power terminals cannot be charged.
5. Remove the used battery from the product.
6. The non-rechargeable battery cannot be charged.
7. The rechargeable battery should be removed from the product before charging.
8. The rechargeable battery should be removed from the product before charging.
9. Check the relevant parts regularly before use.
10. If damage is found, it must be discontinued until it is repaired.
11. This product cannot be connected to more than the recommended number of power supplies.

### ABOUT CHILDREN

1. There are small parts in the product. Do not let children under the age of three play, so as not to cause suffocation.
2. Do not hand over the product to children; please remove or throw away all the packaging, especially the plastic bag, to avoid danger.
3. If the product has a needle thread, wheel or rotating part, carefully wrap the cord to avoid or reduce the risk of causing suffocation injury.
4. If the product has a launch function, do not aim it into the human body.
5. Do not give the product to children of non-age age to play under the supervision of an adult.
6. Please keep the above information for future reference.
