Removable drip tray and water tank

Thanks to the removable drip tray this Espresso Machine is easy to clean. Easily refill water with the 1.5 L detachable water tank.

*Brand of a third party that is not affiliated with Princess.

Aluminum filter holders

Use the included aluminum filter holders and make either 1 or 2 cups of coffee or use a coffee capsule for the most delicious coffee! It is also possible to use an ESE pod or a Nespresso® capsule.

Cappuccino steam nozzle

The detachable cappuccino nozzle is easy to use and perfect for making milk foam variants such as cappuccino, latte macchiato and espresso macchiato.

Integrated thermometer

Your cup of coffee will always reach the perfect temperature with the integrated thermometer.
