

STREX

INTELLIGENT

BATTERY CHARGER

Optimize your charging routine with the 8 channel battery charger from Strex. These 8 channels allows you to mix and charge various rechargeable batteries, such as AA/AAA NIMH, NID, and Li-ion, from 1 to 8 at a time. The trickle electric current charging method not only extends battery life but also ensures over 99% full charges. Monitor the charging progress effortlessly using the LCD display, which provides real-time updates on the status of each battery. With Micro USB + USB C input, the Strex battery charger is compatible with most devices.

INTELLIGENT BATTERY CHARGER

Utilize the eight independent channels to mix and charge any combination of AA/AAA NIMH NiCd (Ni-MH Ni-CD Li-ion) rechargeable batteries, ranging from 1 to 8, in order to increase efficiency and save time. Trickle current charging is implemented to help prolong battery life and ensure a full charge of over 99%.

CLEAR LCD DISPLAY

Stay in control of the charging process with the clear LCD display. It enables you to effortlessly keep track of the number of charged batteries, fully charged batteries, and any batteries that may be defective.

MULTI PROTECTION

Safety is paramount when it comes to the Strex battery charger. It offers comprehensive protection against overheating, overcurrent, overvoltage, and short circuits. Additionally, it can detect non-rechargeable and defective batteries. To ensure your safety at all times, the charger will automatically shut off if the temperature of the battery or charger reaches 60°C.

DUAL INPUT

The Strex battery charger features both micro USB and USB-C inputs, ensuring compatibility with a wide range of devices, including home chargers, power banks, car chargers, and more.
