MimioBoard 781T, 781WT, & 871T touch board

Enhance classroom collaboration with an interactive touch board that's also a conventional dry erase board. Up to ten single-point touch users or five dual-touch and gestures users can work simultaneously at this easy-to-install board.

Enjoy touch technology designed for real classrooms with an interactive board that offers collaborative learning and an unprecedented touch experience. With Touch 360° interactivity, up to ten students can work together simultaneously at this easy-to-install interactive whiteboard. Their control and touch experience will be fast and precise no matter where they are working on the board. Whether you choose the 78 in. (available as 4:3 or 16:10) or the 87 in. (16:10) model, you'll get a projection-optimized touch board with an erasable surface.

- Part of a complete interactive solution that includes MimioStudio™ classroom software, which allows you to create lessons and collaborative activities, as well as perform formative assessment.

- Up to ten single-point users or five dual-touch and gestures users can work together interactively at the same time with the class, increasing student engagement and driving collaborative learning.

- Erasable surface allows teachers to use the classroom-rugged touch board for their normal whiteboard activities.

- Lessons come to life on this projection-optimized nano-coated surface.

- The lightweight touch board typically installs in less than 10 minutes with included mounting brackets.

BOXLIGHT®

MimioStudio software–so easy to use and engaging, your teachers will use it every day.

The MimioBoard touch board includes the dynamic MimioStudio classroom software. It connects the Boxlight products, so using other tools—from the document camera to the pen tablet—is quick and easy. MimioStudio software allows educators to create interactive lessons and collaborative activities, and perform real-time formative assessment. The software also opens other IWB activities, enabling educators to use the interactive content they already have. **Take learning even further with our MimioMobile™ app, which brings group learning and collaboration to almost any device.**
