## WMF KITCHENminis® Long Slot Toaster

**A space-saving miracle for XXL toast, bagels, long slices of bread and rolls.**

This space-saving long-slot toaster has an extremely slender design and is a real space-saving miracle. Two XXL slices of toast, a long slice of bread or bagel halves can be individually and evenly browned thanks to the variable adjustable browning settings and integrated bread-centring function. You can defrost bread rolls, warm them up or make them crispy using the additional attachment. While the 900 Watt output heats up the WMF KITCHENminis® long-slot toaster, it still keeps its really cool appearance. Practical features include the supplied tongs for the easy removal of small slices and the bagel function for toasting one side of the bread.

41 % Space savings\*
