

Portable Air Compressor

Product item	AC2200
Article Number	28105
Input Voltage	5V DC
Working Voltage	7.4V DC
Battery Capacity	2200 mAh
Max. Inflation Pressure	150 PSI
Pressure Unit	PSI, BAR, KPA, KG/CM2
Operating Temperature	0°C - 60°C

Pro-User Electronics

Only leave the compressor operating uninterrupted for a maximum for 5 minutes.

Allow the compressor to cool down for at least 15 minutes afterwards before using it again.
