

技术要求:

- 1、彩盒、纸卡：物料材质和尺寸要按文档要求，成品尺寸偏差2-3mm内的要求；
- 2、外箱：物料材质和尺寸要按文档要求，成品尺寸偏差正5mm内的要求；
- 3、珍珠棉：珍珠棉粘合处要平整、胶水要均匀、成品尺寸偏差2-3mm内的要求；
- 4、说明书，保修卡，标贴画册等印刷类包材，必须符合品质部验货要求；

*所有包材详细可对照:说明书检验作业指引: YWT-WI-PZ-15

印刷标贴件检验作业指导: YWT-WI-PZ-17

PVC标贴件检验作业指引: YWT-WI-PZ-21

①印刷内容、图案、文字字体应符合图纸或封样件要求，文字图案应清晰、饱满、无脱色及明显溢边；位置准确，水平偏斜不允许超过5mm，图案颜色深浅一致，油墨附着性好，用手指轻擦不脱色；

②包装物料须有防护措施，不允许因包装、运输等损坏其外表面；

③产品需符合欧盟RoHS指令规定的六种有害物质要求；

TECHNICAL REQUIREMENTS

1. Color box&paper card: material and size should be according to document requirements, the size of the finished product deviation within 2-3mm requirements;
2. Carton: material and size should be according to document requirements, the size of the finished product deviation within plus 5-10mm requirements;
3. PE foam: the bonding place of PE foam should be smooth, the glue should be even, the size of the finished product deviation within 2-3mm requirements;
4. Manual, warranty card, label, album and other printing materials must meet the inspection requirements of the quality department;

* Details of all packaging materials can be compared with: Inspection guide for incoming materials of packaging cartons - document No. : YWT-WI-PZ-15, YWT-WI-PZ-17, YWT-WI-PZ-21

① The printed contents, patterns and fonts shall meet the requirements of drawings or sealed samples, and the patterns shall be clear, full, no decolorization and obvious overflow edge; and the position shall be accurate, horizontal deflection is not allowed to exceed 5mm, pattern shall be consistent color, good ink adhesion, and not decolorizing with fingers;

② Packing materials must have protective measures and are not allowed to damage their outer surface due to packaging and transportation.

③ Products need to comply with the six hazardous substance requirements specified by the EU RoHS

Air Purifier HEPA-13

Living Smart LSL200S

01

Important

Before using, please read this user manual carefully and keep it for future reference.

Danger warning

1. To avoid electric shock and fire, do not allow water, liquid or any flammable detergent to get into or to clean the product.
2. Do not spray insecticide, perfume or other flammable spray around the products.

Danger warning

1. Before connecting the power supply, please check whether the voltage of the product is consistent with the local power supply voltage.
2. Do not use when the plug, mains cord or the product is damaged
3. Do not block the air inlet and outlet, for example, do not place objects on or in front of the air outlet.
4. Do not insert foreign matter into the product through the air inlet.
5. This product should not be used by persons (including children) with physical disabilities, mental disabilities or lack of relevant experience and skills, unless they are given instructions by the person responsible for their safety. Do not allow children to play with the product or to clean and maintain the product unsupervised.

Notice

1. This product is not a substitute for normal ventilation, daily vacuuming or cooking range hoods.
2. The plug of the product may become very hot. If the power socket connected to the product is not in good contact. Ensure to connect the product to power socket properly.
3. Do not place anything on the product.
4. Ensure the product is used in condition of a stable and horizontal surface.

02

5. Please leave at least 30cm of space on the back and sides of the product, and at least 50cm of space above the product when using.
6. Do not put the product directly under the air conditioner to prevent condensate dripping into the product.
7. Before turning on the power supply, make sure that the filter and filter cover are properly installed.
8. Do not use any other filters except the filters produced by Invitop.
9. Burning the filter may cause irreversible human harm or endanger other lives. Do not use the filter for fuel or similar purposes.
10. Do not hit the product with hard objects (especially the air outlet and inlet).
11. Do not insert finger or other objects into the air outlet/inlet to prevent physical damage or trouble.
12. Do not use this product when using indoor aerosol repellent or in places filled with oil, flammable gas or chemical fumes.
13. Ensure the appliance is power-off and unplugged before cleaning, maintaining and replacing filter.
14. Please unplug the product before moving it. Do not move the product by pulling the mains cord.

This instruction can be also downloaded from our company website.

This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning use of the appliance by a person responsible for their safety. Children should be supervised to ensure that they do not play with the appliance.

03

This appliance can be used by children aged from 8 years and above and persons with reduced physical, sensory or mental capabilities or lack of experience and knowledge if they have been given supervision or instruction concerning use of the appliance in a safe way and understand the hazards involved. Children shall not play with the appliance. Cleaning and user maintenance shall not be made by children without supervision. If the supply cord is damaged, it must be replaced by the manufacturer, its service agent or similarly qualified persons in order to avoid a hazard.

Product overview

Components

Control panel

- Long touch the button for 5 seconds to connect the Wi-Fi(More information refers to the Wi-Fi manual)
Bluetooth connecting mode: Wi-Fi indicator flash (2 times per second)
Hotspot connecting mode: Wi-Fi indicator flash slowly (1 time every 2 second)
Connected mode: Wi-Fi indicator keep lighting.

Specification

Product name	Living Smart LSL200S
Dimension	L205xW200xH584m
Weight	5.8KG
Rated voltage	Input: AC 100-240V 50/60Hz Output: DC 12V 2A
Rated power	20W

Filter instruction

When the filter indicator light keeps flashing, it means that the filter has reached the usage time and needs to be replaced. After replacing the filter, in the power-on state, press and hold the power button for 7 seconds to clear the filter prompt.

Filter Replacement Instructions

1. Open the panel over the appliance as shown.

2. Take out the filter from the appliance.

3. Install the new filter into the appliance and cover the panel.

Wi-fi manual

1. Use your mobile phone to scan the QR code below to download the "Smart Life" APP. You can also search for "smart life" in the APP store or Google Play to install the APP.
2. Open the "Smart Life" APP and use your phone number or e-mail to register your "Smart Life" account, then login.

Add device:

1. Connect the mobile phone to the home wireless network, and turn on the mobile phone Bluetooth (please select 2.4GHz Wi-Fi network).
2. Open the "Smart Life" APP.
3. Enter the homepage of the "Smart Life" APP. Click "+" to select to add a device, the APP will display manual addition and automatic discovery.
4. Automatic discovery: When the corresponding authority is turned on, the device can be automatically discovered, and the device needs to be in the network configuration state and turned on.
5. Manually add: select the name corresponding to the product, Wi-Fi+Bluetooth mode.

①Bluetooth configuration:
When confirming that the Wi-Fi indicator of the device is flashing quickly, click OK, and then wait for the connection. (Recommended,) When "Successfully add 1 device" appears, it means the connection has been completed and your device will be listed in your APP list.

② Hotspot configuration network:
Click on the Wi-Fi quick connection in the upper right corner to select the hotspot distribution network (compatibility mode), Confirm that the Wi-Fi indicator of the device flashes slowly, click OK, and enter your home Wi-Fi and Wi-Fi password.

Next, click to connect to go to the WLAN setting interface of the phone, and then select the Wi-Fi network "SmartLife_XXXX" to connect it.

Your device will be listed in your APP list. Now, you can control your smart device through the mobile APP anytime and anywhere (make sure your mobile phone and smart device are connected to the network, make sure your router name is changed to SmartLife_XXXX).

Maintenance

Notice:

1. Ensure the appliance is unplugged before maintenance.
2. Do not immerse the air purifier into water or any liquid.
3. Do not use abrasive, corrosive or flammable cleansers (such as bleach or alcohol) to clean any part of the appliance.

3. Clean the air inlet/outlet, wipe the body with a neutral detergent and a soft cloth.
4. After the appliance is completely dried, put on a dust cover/bag and place it in a well-ventilated place not exposed to direct sunlight.
5. If you do not use it for a long time, please turn on the appliance for a few minutes from time to time to ensure a good performance.

FAQ

Situations	Reasons
No working	<ul style="list-style-type: none"> Is it plugged into a power socket? Is there a power outage? Is the home leakage switch or fuse cut off? If the filter indicator keeps flashing?
The air volume becomes smaller	<ul style="list-style-type: none"> Is there any dust in the surface of original filter? Is the air inlet/outlet of the appliance blocked by something?
Significant noise	<ul style="list-style-type: none"> Is there anything stuck on the fan in the air outlet? Is the appliance tilted? If the air purifier is too loud, change the wind speed to a lower grade especially when used in the bedroom at night.
Nasty smell	<ul style="list-style-type: none"> It is normal that air purifiers may smell plastic the first few times they are used. If the filters are dirty, the air purifiers will also give off nasty smell. Please clean or replace the filter in this situation. If the burning smell emits from the appliance, please unplug the power socket and contact with seller or customer service.

Note: If the above sheet can not solve your problems and still need maintenance, please contact the supplier or customer service. Do not disassemble the appliance to repair by yourself.
