How to change the language

Press setting - Language & input, move your language to the first line.

Q&A

Q:What is APK file, and its relationship with android MID?

A:APK is the abbreviation of android package , it runs under android OS.

Q:How to obtain APK applications?

A:Go to android market to download it.

Q:Why some APK applications can not work well on this tablet?

A:Most APK applications online are developed by the individual, probably require the special supports by the hardware and android OS, for example some APK game developed under android OS 2.3, and it can't run itself under android OS 4.0, caused by the android OS not by this tablet.

Q:Why WIFI pause automatically?

A: Screen timeout is set on, then WIFI will shut automatically to save the battery power, when this devices resumed, WIFI will revert to connection automatically in 10 seconds.

Q:When connecting with RJ45 cable, how to feed the user's account and password?

A: Install ppoew 1.9 APK, Dial and connect with RJ4S

Q: Why the picture distorts after being set as wallpaper?

A: home menu consists of 5 displays, the system will process the wallpaper into 5 divisions then the picture is distorted.

Q: Why can install some APK downloaded online?

A: please follow these steps: **setting-safety** -**unknown sources**, select unknown sources, then install the APK
