SELINA — measures in style!

Precise humidity sensor

4 mm slim housing

With digital clock display

Is it dry, humid, hot or cold? Selina provides the answer. The hygrometer lady is equipped with state-of-the-art technology and measures air humidity and temperature precisely. In addition, the clock display can be switched on or off. Selina is sleek and elegant and fits harmoniously into any living environment. The slim lady convinces with a „waist“ that is just 4 mm wide. Selina monitors the room climate in style and thus helps you to select the right Stadler Form appliance.
