01

15W two-way fast charge

It can be fast charged or fast charge other devices through a Type-C input and output.

02

Dual inputs and three outputs

Support simultaneous power supply for multiple devices, what you need is only one cable when you go out.

03

Texturing process

Ultimate texture offers a comfortable grip.

04

10000mAh high capacity

Display real battery capacity and meet daily charging needs.

05

LED display for battery level

LED digital display enables the real-time viewing of the remaining battery level.

06

NTC temperature protection

The temperature sensing circuit with an NTC thermistor offers over-temperature protection for using a phone while charging safer.
