CAUTION: Keep batteries from children. Do not swallow. If swallowed, consult a physician or call your local poison control center for instructions for treatment. Batteries may rupture or leak, and cause skin injury if recharged, abused or if in fire. Do not use a different battery type, incorrect battery or discontinued. Replace all used batteries at the same time. Never recharge a larger package with one. Do not use a battery pack in one package only. Do not remove the battery cover. Do not allow LED light directly in the eyes. Note: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. CAN/CSA C809-10 (UL1642) Compliant. Use only proper batteries. DO NOT mix and use alkaline batteries with rechargeable batteries together. For the best performance, use Duracell genuine batteries.
