

## **WARNING!**

This device is ONLY for charging electric vehicles.  
DO NOT try to repair any parts of the device by yourself.

## **CAUTION!**

DO NOT use this product if there is any damage on the unit. Ventilation is not required during charging. Automatic reset is available.

## **DANGER!**

Be careful with electrical hazards.

---

Model:	BS20
Item No:	BS20-BC-22KW
Installation method:	Wall/stand
IP rating:	IP66
Rated voltage:	400V AC $\pm$ 10%,50/60Hz
Rated current:	32A
Maximum power:	22KW
Phase mode:	3Phase
Leakage detection:	TypeA 30mA AC+6mA DC
