2. Check the parts list and confirm everything's there before starting assembly.
3. When assembling, put all parts on a soft, smooth surface like a carpet to avoid scratches.
4. Don't fully tighten screws until all parts are confirmed in place to avoid misalignment.

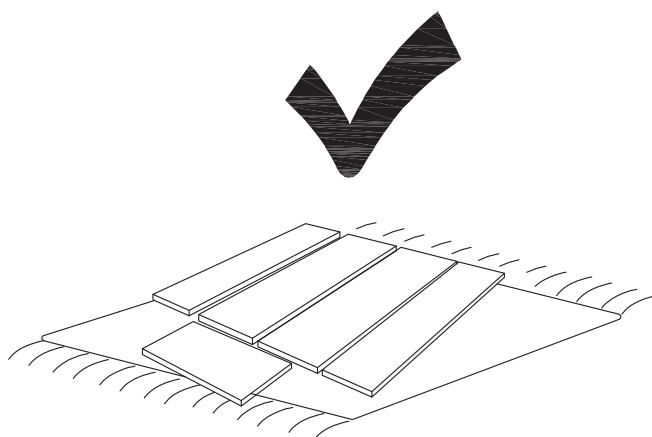

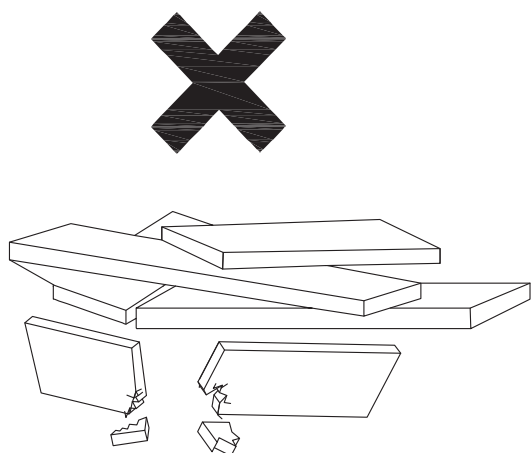

We recommend using hand tools for assembly.

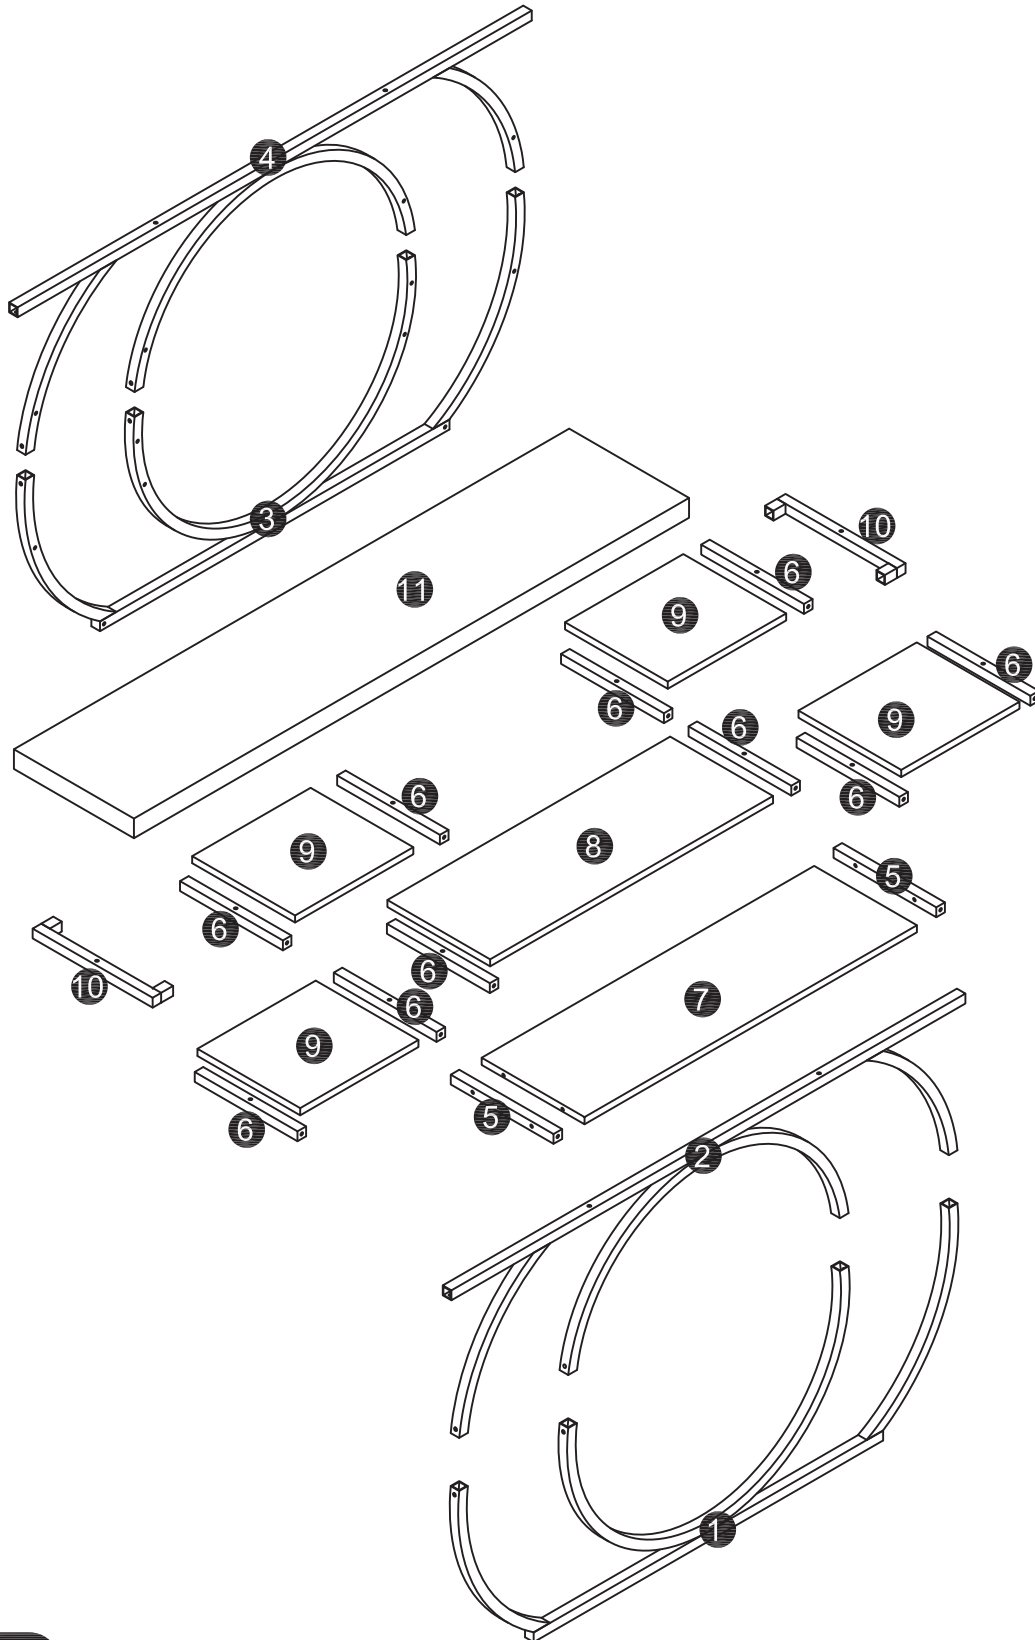

If an electric screwdriver is used, reduce power and torque to avoid damage to the product.

In order to avoid scratching, this furniture should be assembled on a soft surface, such as a rug.

Make sure all parts are included. Most board parts are labeled or stamped on the raw edge. Contact us for a free replacement if you encounter any damaged or missing parts.
