

TAMANU OIL

Product Information

Introduction

Tamanu Oil is a very special effective regenerative oil for skin. Biological activity studies confirmed skin-active effects of Tamanu oil treatment and an antimicrobial (antibacterial and antifungal) protection, anti-inflammatory, wound healing, promotion of extra-matrix cellular (production of GAG and collagen). The oil is also rich in oil and linolenic acids, which moisturize and soften skin, but does not make the skin oily. Tamanu Oil supports common skin problems. Due to its calming and relieving pain effects, the oil is used in massages, for rheumatism and sciatica soothing, and also highly appreciated for wound healing and analgesic properties. Tamanu Oil is only for external use.

Storage, Handling, Other Information

This product is not intended to diagnose, treat, cure or prevent any diseases.

Our products are 100% natural and it can occur that the color or smell varies per batch. There will be no difference in the effectiveness of the ingredients.

- Avoid eye contact. [with eye contact, rinse immediately with water for 10 minutes.]
- Shake before use
- Not edible
- Protect bottle from direct sunlight
- Extreme heat > 52 degrees Celsius will lessen the shelf life
- Shelf life: 2 years from date of delivery to customer assuming unopened and stored correctly
- After opening, 12 months shelf life
- If less oil comes out of the bottle, optional: remove the dropper manually
- Best to use at room temperature (21 degrees Celsius) .
- **The oil can thicken at temperatures lower than ± 21 degrees. [Tip: put the bottle briefly under tepid water]**
- In some cases Tamanu Oil may cause hypersensitivity reactions in people with an existing allergy to Calophyllum inophyllum.
- Always test a small piece of skin and wait at least 24 hours
- If you experience extreme itching, redness, irritation or other adverse effects, discontinue use of the product immediately.
- A few drops is sufficient to apply directly on the skin, just enough to absorb in easily.
- You can lower the dosage if you notice that the oil does not absorb as quickly any more
