2. Install three (3) fresh 1.5V AAA (LR03) alkaline batteries (not included) making sure the (+) and (-) ends face the proper direction as indicated inside the battery compartment.
3. Replace the compartment cover and securely tighten the screw to ensure the compartment is watertight.

ASSEMBLY

Snap the car seats into place in the vehicle.
 Left seat (driver seat): The vertical lines fit together.
 Right seat (passenger seat): The horizontal lines fit together.

LET'S PLAY!

Before beginning, cover the play area to protect from possible water damage.

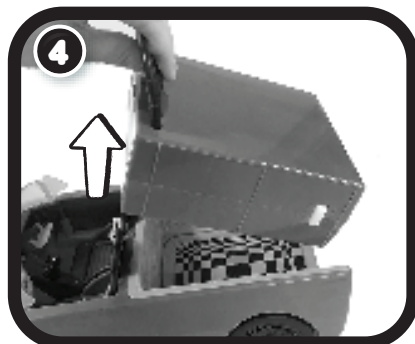

Press down on the headlights to open and close them.

Press the gear shifter to turn the lights on and off.

Place your exclusive Tot doll in front of the headlights to see her black light reveals! The closer the doll is to the headlights, the better you can see the reveal! **Pro tip:** darker rooms work best.

Firmly pull up on the rear of the vehicle to lift it off the car.

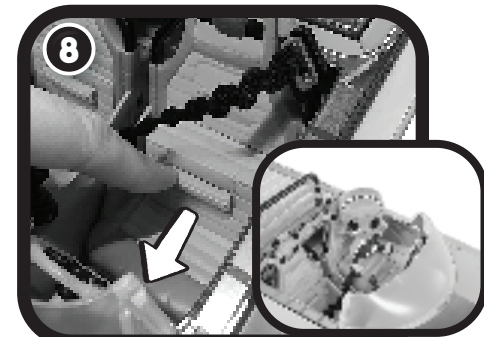

Flip it over, and snap it back into the vehicle by aligning the pegs with the grooves in the car to reveal a pool and dance floor!

Fill the pool half way with water. **Do not fill water over the handle.** Lift up on the handles to remove the pool and empty the water after playing.

Place L.O.L. Surprise!™ O.M.G.™ fashion dolls (not included) in either seat.

Seats convert so that L.O.L. Surprise!™ dolls can sit and drive.

Insert the seatbelt into the shoulder clip to secure it. Gently pull out the seatbelt to release it.

Remove the seats to use them as chairs outside of the car!
